

Georgetown Golf, North Halton, Panoramas of Lush Green Carpet as Spring Shows Best Side

THE ROLLING HILLS, TYPICAL OF THE 18-HOLE Georgetown Golf and Country Club, are lush green carpets these days as golfers enjoy the fairways at their greenest at this time of year. This view of the course from behind the 14th green looking over a gorge toward the 14th tee and 6th and 13th fairways is one of the many beauty spots on the layout.

MRS. RETA PELLETIER AND MRS. DON PLATT LOOK ON while the third member of the threesome, Mrs. Mabel Sanderson puts out on the 7th green at North Halton Golf and Country Club. This point on the North Halton course provides golfers with a sweeping view of the long par 5 hole and the wooded hills from which new fairways are being carved in the project that will soon make this long-established layout an 18 hole course.
