Suffers Chest, Rib Injuries in Crash At Delrex Plaza

A late afternoon smash in front of Delrex Market Centre sent one man to hospital Friday and caused an estimated \$1750 damage to the cars involved.

Robert Christie, 137 Maple Ave. E. was rushed to Georgetown hospital by ambulance and treated there by Dr. Engelbrecht for fractured ribs and chest injuries. He was a passenger in an MG sports car driven by Kenneth Allan Purves, 22 Elliott St., Brampton.

The eastbound Purves car braked as it hit a highway narrow stretch and skidded into the westbound lane, colliding with a 1956 Oldsmobile driven by Harold James Parker, R. R. 1 Georgetown. The MG had \$1000 damage and the Parker car \$750.

Cst. Henry Vanderhulst investigated the accident which happened at 6.10 p.m.

A minor accident occurred half an hour later when a car driven by Nicol Earle McNeiven 33 Victoria St. stalled at the Water St. Highway intersection and backed into a standing vehicle driven by Clayton Beaver Hamilton, which was waiting to turn onto Water St. Damage was \$100 to the Beaver car and \$70 to McNeiven.

Urban Board Wants County to Centralize All Ambulance Calls

The North Halton Urban Board will ask Halton County to take over ambulance service and operate it on a county-wide basis.

The decision received the unanimous approval of the 17 representatives at the Urban Board's meeting in Georgetown last Wednesday.

The group instructed secretary Jack McGeachie, clerk-administrator for Acton, to write to the Halton County Health Unit to request a feasibility study.

The suggestion for the county-wide ambulance system came from Warden H. H. Hinton, reeve of Acton.

The Urban Board comprises representatives of Milton, Acton and Georgetown. One representative from Nassagaweya Township was present. Only Esqueping Township failed to send a representative.

Halton MPP George Kerr told the meeting the new ambulance act in the legislature should be passed shortly. This will provide up to a 50 per cent subsidy and allow the County Health Unit to operate the ambulance service.

Mr. & Mrs. L. Puckering Have 25th Anniversary

Mr. and Mrs. Lovell Puckering, 22 Academy Road, celebrated their silver wedding anniversary at their home on Saturday evening, June 25th. Members of their family and friends attended from North Bay, Acton, Brampton, Alton, Rexdale and Georgetown. They were the recipients of many cards of congratulations and their family presented them with a chest of silver.

OUCH THAT'S MY ARM

DEPUTY REEVE FRANK ROGERS, Burlington, may be having a painful moment, but the results will be worth it. Slated for an overseas junket to study municipal procedures in European cities, he is getting his "shot" from county M.O.H. Dr. Archie Bull, while Warden H. H. Hinton, Acton, looks on. The "shooting" took place at county-council meeting last week.

Mountainview Bridge Again Debated at Council Meeting

Again the question of a new bridge on Mountainview Road sparked an hour and a half long discussion at council on Monday night, with two consulting engineers who merely came to offer their services to the town, being caught up in the controversy.

Steve Emmerson, a resident of the Mountainview area, repeated his previous requests for a new bridge, "All we're concerned about is a suitable bridge and sidewalk, not necessarily a fancy one." He urged council to give a definite answer this year.

Delmar Majury agreed with Mr. Emmerson, "We're not after a four lane speedway, all we want is a suitable bridge to cross in safety."

Mayor Joseph Gibbons claimed Esqueping got the new Glen Williams bridge at no cost, since the Dept. of Highways paid 80% and the county 20% "and all I want is the same deal for Georgetown."

Cr. Speight explained that he and Cr. Harrison went to a County Roads Committee meeting with Reeve W. Hunter requesting that the 9th line where it is now a connecting link be taken over as a county road.

Cr. E. Hyde said that any motion regarding a bridge made by council right now could jeopardize the county taking over the road, and in turn jeopardize chances of the town getting a bridge at no cost.

At this point the engineers were called in to the discussion. Mr. J. M. Tomlinson explained he had read the Dams & Smith preliminary report and felt the costs quoted were realistic.

In reply to a question from Reeve Hunter, Mr. Tomlinson stated that the bridge should be four lanes, in his opinion, because of the steep grade and heavy truck traffic. When pressed for an actual percentage of costs that the town would pay, Mr. Tomlinson hesitated, saying it would depend on how far back the Board of Transport would consider a grade point, for cost sharing purposes but felt between 3% and 8% would be reasonable.

Reeve Hunter summed up by stating that the only way the bridge could be built at no cost to the town would be through the county taking over the road. As a connecting link, which it is now, the town would have to pay some of it. "However, I'll have better information after Thursday's meeting with the county road committee." He warned that the county, like every other municipality has to conform to a budget so it might take some time to have a bridge included in the budget.

The discussion closed with the mayor suggesting the reeve should take every possible step at the county level to have a bridge erected at no cost to the town.

Attended U.N. Seminar as Representative of Rotary

At the Monday meeting of the Georgetown Rotary Club, held at the North Halton Golf & Country Club, Miss Lesley Buresh, a Grade 12 student at Georgetown High School spoke to the members and their wives on her recent attendance at the United Nations Seminar held at the University of Waterloo, under the sponsorship of the Rotary Club of Georgetown.

Three students attended from Georgetown, Roger Smith, Donald Young, and Miss Buresh, and were chosen to represent Denmark. Some 142 students representing 54 countries made up the Assembly.

Miss Buresh explained the purpose and meaning of the Seminar to the Rotary Club, and explained that her "nation" was a member, in committee, of the World Population and Food Committee. It is expected that the population of the world will have doubled by 1996 but that food production by no means adequate at present, will have fallen even further behind. Some of the other committees discussed World Disarmament, Britain and the

Rhodesian crisis and the Vietnam problem.

Some twelve of the attending students will represent Canada in a world UN Seminar next September in Montreal, and in thanking the speaker, Rotarian Ron Kitchen expressed the wish of all Georgetown Rotarians, that Miss Buresh be selected for this group, and that the Rotary Club would be proud to sponsor her should she be selected.

After presentations were made by honorary member Frank Petch to Ken Robertson and Ed Burman for 100% attendance in 1965-66, and to Ralph Ursel and Ernie Pearce for 10 years of perfect attendance, President Ed. Burman presented president elect Bob Gougeon with the president's pin, and handed the gavel to him; and a past treasurer's pin was presented to Bob Burns for two years of service in that capacity.

A plaque was also presented to retiring president Ed. and good wishes expressed for another successful Rotary year in town by all those present under Bob Gougeon's leadership.

New Street Signs Produced In Town

Stewart Saxe to Israel As SUNAC Delegate

Experience gained in his student days at Georgetown District High School on the school paper and in the student United Nations model assembly has paid off for a Georgetown young man, Stewart Saxe.

Stewart, son of Mr. and Mrs. Percy Saxe, Main Street South is off for Europe in early August. He plans to visit some of the Balkan countries, then head for Israel where he will represent Canada at an international meeting to be held there.

He recently returned from the annual national meeting of SUNAC in Ottawa at which he was named external vice-president of the Student United

Nations Association of Canada, and also from New York where he attended the annual meeting of the American Collegiate Council for the United Nations as Canada's observer.

Stewart received the award as best speaker when GDHS hosted the student United Nations meeting when he was an undergraduate here. He enrolled at University of Waterloo this year in Arts, and has become associate editor of the university newspaper The Coryphaeus.

In Israel he will be meeting delegates from over 25 countries. He will also be representing the Georgetown Jaycees as their international affairs commissioner.

Mass, Banquet Inaugurate New Sacre Coeur French R.C. Church

Sacre Coeur Roman Catholic Church was officially opened with a special mass at five o'clock Sunday afternoon. The mass was celebrated by parish priest Father Francois Germain.

Representing Bishop Joseph Ryan, who was officially opening a new church in Milton, was Father Murphy of St. Mary's parish, Brantford.

Following the mass a banquet, attended by three hundred parishioners and guests, was held in the auditorium of Holy Cross Church.

Edmond Routhier, master of ceremonies for the occasion, introduced the guest speaker, Mr. Ryan Paquette, of the L'Association Canadienne Francoise L'Education d'Ontario.

Other guests making brief addresses were Father Oger of Holy Cross Church, Father Murphy from Brant-

ford, Roger Primeau, president of Georgetown French Canadian Association, Father Francois Germain, and Mayor Joseph Gibbons.

Among the special guests attending the mass and banquet were Father Anselm, the Capuchian Father who established the first Catholic parish here in 1956, and Father Simard of Notre Dame of Perpetual Help in Hamilton. Father Simard helped the parishioners organize the official opening. His parish is the only other French parish in the diocese of Hamilton.

Guests from all over Ontario and Quebec, included priests and nuns from Windsor, Ottawa, St. Hyacinthe, Thedford Mines and Sudbury.

The principal, T. J. Fitzmaurice, and members of the Separate School Board, were also on hand to wish the new parish well.

The turkey dinner was prepared and served by the Federation of French Canadian Women of Toronto.

Illuminated Markers Get Council Approval

Revolutionary new street signs will be erected all along Highway 7, and on Main Street from Maple Ave. to Guelph Street, it was decided Monday night at council.

The new street signs, indicating the names of four intersecting streets, are being manufactured at E. W. Bliss Co. here in town and were designed by Bruce Hewson Associates of Brampton.

Over the objections of Cr. Smith, Deputy Reeve Young and Mayor Gibbons, council decided to install thirty-nine units at a cost of twenty three dollars each.

In showing the prototypes to council, Don Knudsen, manager of E. W. Bliss, pointed out that the twenty three dollars did not include the pole or the installation.

With the lights turned off in the council chamber, the street names glowed brilliantly and shed a great amount of downward light. Mr. Knudsen claimed the downward light was a great advantage to pedestrians.

All members agreed the lights would be a tremendous asset, with the objections being based solely on the fact they felt they were an unnecessary "frill" at the moment.

Cr. R. Ballentine defended the expenditure saying, "the firm pays taxes here, and is

giving us a cut rate to advertise themselves and the town." Mr. Ballentine told council that he had been assured by the Hydro the units would be hooked up at no cost. "If these street signs go over big and spread to other towns, Bliss will have to expand its factory," concluded Cr. Ballentine.

Cr. Hyde heartily supported the motion, but warned members the cost would probably run to \$1500 before they were through. "However, we'll never get a buy like this again, or a chance to spruce up the town so cheaply and easily," he added.

COUNCIL BRIEFS

Council accepted the \$2,200 offer from Charles Dykstra for Lot 12 at the corner of Hyde Park Dr. and Princess Anne Dr. Monday night. There was no commission involved.

Council accepted the recommendation of the Planning Bd. and approved the construction of a 56 suite apartment at Maple and Guelph St. The building will be started immediately.

Raymond Mills was hired to read water meters during the holiday periods at a salary of \$1.50 an hour. Cr. Ballentine insisted proper identification be given him.

Healthy 6.7% Increase In County Assessment in 1965

Halton County's taxable assessment jumped 6.7% in 1965 over 1964, bringing the total assessment in the county to \$306,235,506. The 6.7% increase represents just over nineteen million dollars, the members of Halton county council learned at last week's meeting, as they approved the annual equalization of assessment by law.

Georgetown's share of the county expenses will be 5.29% or the third largest share in

the county. The two leaders, however, lead by a long way in carrying the costs. Oakville is first with 43.8%. Burlington follows with 40.28%, Georgetown 5.29%, Esqueping 3.6% Milton 3.22%, Acton 3.26% and Nassagaweya 1.47%.

In presenting his report, Halton's new assessor Robert Beech pointed out that the 1965 population of Halton was 142,100, "an increase of over 6,500 over the previous year, for a 4.83% gain.

Flower Show is Fine Success Elsie Bird Major Prizewinner

The first Georgetown Horticultural show, Saturday in the Armouries was an unqualified success, with a good turnout of spectators and 158 entries in the flower show.

Mrs. S. G. Bennett, patroness of the Society officially opened the show, and presented the Directors' Cup to Elsie Bird, who won the Best Rose award with her Royal Highness rose. It was

a big day for Miss Bird. She not only won the "Best Rose" award, but the Best Peony, for which she received a \$5.00 credit voucher from Dominion Seed House. In addition Miss Bird won the Eaton's Silver Flower Bowl for the highest aggregate points in the show.

Among the other special award winners was Vivien Perry for her miniature arrangement A Jardiniera, and Mrs. W. E. Norton for her "Best Canterbury Bell."

Two beautiful commercial exhibits helped grace the already fragrant hall, a display from Sheridan Nurseries, and another from Harris Floral.

President Robert Barber welcomed the guests and introduced Mrs. S. G. Bennett. He paid tribute to the members of the Society who had made the show possible and gave special mention to vice president J. F. Duffield.

Mr. J. Duffield presented Mrs. Bennett with a life membership in the Society, while little Miss Joy Burman presented her with a corsage.

(continued on Page 10)

MRS. STEWART G. BENNETT, right, patroness of Georgetown Horticultural Society, extends greetings to Miss Elsie Bird as she presents her with the cup for the champion rose in the society's Saturday show in Georgetown armoury. Miss Bird won double honours that day, scoring most points in the show for her entries. Seated, left, is Mrs. Ed Burman, society treasurer, and at right is Robert S. Barber, president of this active district organization.
