Georgetown Giants: The Fly In Campbellville's Soup

Georgetown Giants now have the distinction of handing the powerful Campbellville Merchants fifty per cent of their 1966 defeats. The Georgetown team tripped up the perennial Halton Intermediate Baseball League pennant winners for the first time Wednesday night, something that hasn't been done to the lofty Merchants in memory. No other team in the circuit has beaten the Campbellville team more than once this season, and the Merchants have lost only six times altogether.

Wednesday night the Georgetown Giants ran up a 10-3 score against the Merchants in handing them their worst beating of the season. A seven run first inning for the Giants was the worst inning in history for Campbellville.

The Giants exploded for their seven runs against Harry Hamilton and then coasted to the sweet win. It was the second time in three nights that Georgetown has kept Campbellville from wrapping up the league flag. Giants' Don Westbrook blanked the champs 1-0 Monday, August 15th and earlier pitched the local to a 5-4 win over Campbellville right in the village park.

Georgetown moved past Oakville into a fourth place tie with Hamilton Beavers with the victory.

Worst Inning

Key plays in the seven-run first inning were a triple by Don Lindsay and a fly ball muffed by Bill Elliott. It was the worst Campbellville inning in memory.

Third baseman Danny Arbie walked, went to second on a wild pitch and scored on a single by Dennis Gibbons scored the first Giant run.

An error by Merchant first sacker Earl Cairns on a grounder by Pete Lawson and a bunt single by Bill Campbell loaded the base and Lindsay cashed in all three runs with his triple to left-centre field.

Lindsay scored on an infield out. An interference call against catcher Al Wingrove, a hit batsman and Dore's sacrifice put men on second and third. Elliott dropped Arbie's fly to let in the last two runs.

The Merchants scored their first run in the second inning when George Chester reached base on Lawson's error, went to

third on a single by Jack Roberts, and scored when outfielder Earl Burt's throw went through Arbie.

Add Two

Two more Georgetown runs scored in the fourth on a bunt single by Arbie, an error by Stu King on Gibbons' grounder, a sacrifice by Lawson and a single by Campbell.

In the sixth, a walk to Lawson, and singles by Campbell and Jim James couped the last Georgetown run.

Bernie Dore went all the way for the Giant victory, allowing six hits, walking two and striking out eight.

With outfielder Ken Moore and Don Joyce both out of action, the Merchants were forced to use Roberts in the outfield for the first time this season.

This year it will be necessary to run three lunch periods rather than two as in previous years. The first lunch period will be from 11.25 to 12.10, second lunch period from 12.10 to 12.55 and the third lunch period from 12.55 to 1.40. Approximately one third of the classes will go to lunch at a time, and the remaining two thirds will remain in class. This means that regular classes will be going on all day. The school will finish regular classes at 3.10 and the buses will leave at approximately the same time as last year. The lunch period for an individual class may vary from day to day depending on the timetable.

This year we will as well go on the Six Day Cycle. This means that it will take six days to complete the 42 periods rather than the five days as previous. The timetable will show Day 1, Day 2, etc., to Day 6. These days will not conform to the week days but will vary from week to week. This is an advantage in that the periods will be longer, each period being 45 minutes long, but there will only be seven teaching periods a day, so that the total teaching time will be the same as before.
