

AND EIGHT MAKES FORTY-FIVE

THE INDUCTION OF EIGHT NEW MEMBERS INTO THE RANKS of the Georgetown Jaycees at North Halton Country Club last week, brought to 45 the total membership. New Jaycees (above) are (front l to r) Jack Saunders, David Kentner, Wayne Atkinson, Rick Smith; (back l to r) Douglas Tucker, Barry Turner, Pasquale Ferrara, James Wallace, Allen Trueman, and Rev. Walter Ridley.

A Georgetown in Tanzania

WHY LIONS CLIMB TREES (OR WHAT'S GNU PUSSYCAT)

A Georgetown soldier with the Canadian army in Tanzania Sgt. Albert Carter has written another in a series of newsletters to his folks back home. This is the second half of a two-part series.

Our guide directed Downey's driving so that the elephant coming in from the left missed us, and we tried to outrun the big bull behind us, but he kept gaining on us. Downey swerved the vehicle around a clump of trees. The elephant went right through the trees, and was only a couple of feet away, when he trumpeted, the Most God-awful, blood-freezing, spine melting sound I ever hope to hear. Garry Fluke threw himself from the rear seat into the middle seat, and a moment later there was the CRASH of splintering glass as the elephant's tusks came through the rear window. The vehicle gave a spurt ahead, and at this point, Wilkinson, who had also been sitting paralyzed in the rear seat, claims that the tusk went by his head, missing him by inches. He grabbed one of the bottles of beer and heaved it at the elephant.

At this moment, a whole pride of lions sprang out of the bush beside us and began running along side of us. "Simba there!" exclaimed the guide, but for some unknown reason, Norm had sort of lost interest in simbas.

Fortunately the elephant hit us squarely from the rear, and then stopped, so that the land-rover and the lions were able to pull away.

We drove ahead for about five minutes, then stopped. It was now that I started to feel faint. I had been shaking all over like a leaf in a hurricane.

I think that the elephant let us go, having proved his point, but Norm Wilkinson claims that if he had not slugged the elephant with the quart of Kilimanjaro "right between the eyeballs" we would have been gone.

The rest of the trip was a sort of anti-climax, and in fact it took a lot of pleading on my part to get the rest of the party to drive around for another fifteen minutes so I could get a picture or two of zebras.

We were supposed to go to the Ngorongoro Crater the next day but both Norm Wilkinson and Cliff Downey vetoed the idea. Instead I took a trip out to the training area with Bob Smith. That had has eyes like a starving vulture. He was pointing out all sorts of small game, such as Thompson Geckles, sneaking through the tall grass. I couldn't see a thing unless it came in herds of fifty or more, but Smith sure could spot the beasts.

Saturday and Sunday were fairly quiet, and on Monday we got out to the Crater. Here we saw herds of Wildebeest (also known as the gnu) and zebras, along with gazelles of various sizes, and a pair of...

Crater stay on the ground, while those in Lake Manyara climb trees. I have a rather good photo of a large male lion smoozing way up in a tree at the lake. You may wonder why lions would climb trees. I'll tell you. If I had to live in Lake Manyara Reserve with all those damned elephants charging about, I'd take to the trees also.

On Tuesday I got out and about the hill area near the camp, and also got into an abandoned Masai boma. The Masai are usually tall people — average height at least six feet in their big, calloused, bare feet — but their huts are only about four and a half or five feet high. They have to crawl in and out, and only have enough room inside for their beds.

In the centre of the boma is a small corral for the young cattle, then the midden where all the other cattle stay, then

a circle of huts with a circular barrier of thorns around the whole boma. The huts are made of wood frames with twigs woven into a sort of coarse matting covering the framework. This is then covered with cow dung which is soon baked by the sun. This is an economical way to build a house — smelly, but cheap.

On Wednesday I took the plane back to Dar.

All in all it was a most interesting trip and I am glad that I was able to get up to the game reserves. However, I would not like to go through the elephant charge again, not for all the money in the Bank of England.

I feel that we were lucky to escape without injury or serious damage to the vehicle, and I for one am not going to tempt fate again. Besides, anything that could happen now, such as being stared at by a truculent gazelle, would only be an anti-climax.

Much of this has already been told in previous letters, I know, but I thought I'd send along a full account of the trip anyway.

Cheerio  
Albert.

TOWNSHIP OF ESQUESING ROAD CLOSING

Proposed by-law to authorize the closing of part of the original road allowance known as Bernard Street in a plan of part of the Village of Limehouse in the Township of Esquesing, containing by-admeasurement 0.497 acres be the same, more or less.

NOTICE IS HEREBY given that the Council of the Corporation of the Township of Esquesing proposes on Thursday, the fifteenth day of December, 1966, at the hour of ten o'clock in the forenoon, or as soon thereafter as it may deem advisable, to authorize the closing of that part of the original road allowance as described as follows:

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Esquesing in the County of Halton and Province of Ontario and being composed of part of the West Half of Lot 22 in Concession 8 in the said Twp. and more particularly known as Bernard St. as shown on a Plan of part of the village of Limehouse in the said Township of Esquesing, containing by-admeasurement 0.497 Acres be the same more or less and which said parcel of land is more particularly described as follows:

PREMISING that the South-west Limit of the West Half of said Lot 22 has a bearing of North 45 deg. - 11' West and relating all bearings hereto;

COMMENCING at a point in the South-west Limit of the West Half of said Lot 22 distant 1072.98 feet more or less measured south-easterly along the said South-west Limit from the West Angle of said Lot 22, said point of commencement being the point of intersection of the said South-west Limit with the South-east Limit of Bernard St. as shown on a Plan

AMBULANCE RUNS

During the week of November 13 the Georgetown Volunteer Ambulance Service had three calls Tues. Nov. 15 1:15 p.m. a routine run from within Georgetown to Georgetown hospital taken by Jim Bennett and Trev Williams. Wednesday Nov. 16, 10 p.m. an emergency run from Georgetown to Georgetown hospital taken by Jim Jenkins and George Cozens. Wednesday, November 16, 10:20 p.m. an emergency run from within Georgetown to Georgetown hospital, taken by Jim Jenkins and George Cozens.

by Lee Clark  
The Board met last Thursday evening for their regular monthly meeting, with a good attendance. Magistrate John D. Ord presided.

The routine monthly business was taken care of as were accounts and the financial report given. A number of other reports were given, as were the monthly reports of both the administrator and nursing director. Both reported the hospital functioning well in all departments. Occupancy for October was quite low, but should see a substantial increase in the number of patients.

It was decided that Georgetown Hospital would take part in a "Radiothon" being held by a district radio station. Plans are yet in the formative stage, but it is hoped that the show will feature some of our local entertainment. In fact, tentative arrangements have already been made for this. Final plans are being made this week by a committee representing the various hospitals. Harold McClure and Fred Whittaker will represent Georgetown. This is a very worthwhile idea, and will possibly be of great benefit to the district hospitals.

Further details will be published in a future issue.

Mention was made of the forthcoming Auxiliary dance, and the chairman said he felt sure this worthy cause would receive the usual support of the members.

The roof is in the process of being repaired... however, the inclement weather is being quite obstructive, and is causing some delay. However, it is hoped that the repairs will be completed in the near future.

Chief of Staff Dr. C. Alan Thompson gave the medical re-

HIGHER EDUCATION NIGHT  
Wednesday, Nov. 30th  
GEORGETOWN DISTRICT HIGH SCHOOL  
TO THE PARENTS AND STUDENTS OF ALL 5 YEAR COURSES: 9, 10, 11, 12, and 13.

The students will be asked soon to complete an option sheet outlining the course and options for next year. This is always necessary, as basic planning for next year's timetable and staff must be done early in the new year.

Though Grade 12 students should be the ones most to profit from this it will be a definite benefit to the planning of all 5-year students for the 9's, 10's and 11's. In looking ahead and for the 13's in verifying present courses and hearing about possible alternatives.

You will be introduced to all speakers at 7.30 p.m. in the cafeteria, after which each speaker will be assigned to a room. You will be able to attend three different forums as there will be three successive half hour periods for each speaker. To facilitate these changes bells will ring at half hour intervals to indicate the close of each forum. Thus terminating bells for each forum will be rung at 8.15, 8.45 and 9.15.

From the lists shown below it will be possible to plan your room visits ahead. Each speaker has a prepared presentation preceding a voluntary question and answer period.

- ROOMS ASSIGNED FOR THESE PRESENTATIONS ARE AS FOLLOWS:
- University of Toronto: Mr. J. R. H. Morgan, (Special Officer S.S. Liaison) Cafeteria  
Mr. D. C. Williams, (Principal of Erindale College)
  - Registered Nurses' Association of Ontario: Mrs. Marion Hogan, R.N. Rm. 234
  - Brock University: Mr. Ernest Goldsmith, (Registrar) Rm. 237
  - University of Western Ontario: Mr. A. G. McColl, (S.S. Liaison Officer) Rm. 230
  - Waterloo Lutheran: Miss Helene Forler, (Asst. Registrar) Rm. 229
  - University of Guelph: Mr. G. M. Jenkinson, (High School Liaison Officer) Rm. 214
  - University of Waterloo: Mr. C. T. Boyes, (Asst. Registrar) Rm. 212
  - Ryerson Polytechnical Institute: Mr. J. Peters, Mr. Ross Robbins (Asst. Registrars) Rm. 210
  - Lakeshore Teachers' College: Mr. W. C. McClure, (Principal) Rm. 208
  - York University: Mr. Bider (Director of Admissions) Rm. 206
  - Trent University: Mr. W. G. Pitman, (Assoc. Registrar) Rm. 202
  - McMaster University: Mr. F. W. Myers (Executive Asst. to Dean of Engineering) Rm. 201

If a room seems too crowded when you arrive please, move on to your next choice then try your first choice for the following session. Thus your co-operation will help all hear the speakers they wish.

Parents and students, this is your night; come along.  
D. F. TURNER, Principal
