## Inglis Highest Yield In Corn Competition

Claude Inglis, RR 2, Campbellville, won the Halton High Yield Corn Competition sponsored by the Halton Soil and Crop Improvement Association. The 12 competitors sowed five or more acres of grain corn, with samples taken from the fields prior to harvest. Despite the relatively poor growing conditions for corn in Halton this year, the average yield in this competition was 80 bushels per acre.

The Plant Food Council of Ontario provided half of the prize money of \$100. This will be presented at the annual meeting of the Halton Soil & Crop Improvement Association, to be held on Wednesday, January 11 in the Masonic Hall, Milton.
