**Georgetown District High School PARENTS OF STUDENTS IN GRADES 9 TO 13**

On the nights of Tuesday, January 10th, and Monday, January 16th, between the hours of 7:00 p.m. and 10:00 p.m., Georgetown District High School will be holding Parents' Night.

Because of the large number of parents who attend, we are requesting that those with surnames beginning A-L come on Tuesday, January 10, and the remainder to come on Monday, January 16. If it is inconvenient to attend on the evening assigned, please come on the other Parents' Night. In the time provided it is unlikely that you will be able to see all the teachers who will teach your son or daughter. We recommend, therefore, that you select those teachers with whom an interview would be most profitable.

In an attempt to make the delays between interviews as short as possible, we are asking you to come to the school between 7 and 7:30 p.m. to make appointments in the gymnasium. Attached is a list of the teachers and the rooms where they will be. When making the appointments allow 5 minutes for the interview and 5 minutes to get to the next room. The teachers will start at 7:30 p.m. The parents are requested not to be with the teacher more than 5 minutes.

**PARENTS OF STUDENTS IN GRADE 8**

The parents of all Grade 8 students are invited to attend the High School in the gymnasium at 8 o'clock Thursday, January 19th, 1967. At this meeting I will outline the courses available at our High School giving you some assistance in understanding what is studied in the courses and where the course leads to.

You are also well aware that the educational requirements for employment are changing rapidly. In order to meet these requirements, the Dept. of Education has been reorganizing the educational program in the Secondary Schools and is about to set up new schools in Ontario called Colleges of Applied Arts and Technology or commonly called Community Colleges. I will spend some time during this meeting discussing these changes in education and how they may relate to your son or daughter.

After these discussions we will have a question and answer period during which I hope you will raise any point that you would like further clarification on. This question and answer period should be a worthwhile part of the meeting if all parents will participate.
