

Paroles Rose In 1966

OTTAWA (CP) — The national parole board granted parole to 2,502 persons during 1966, an increase of 200 over 1965, board chairman T. George Street said in a statement recently.

Since the board's inception in 1959, it has granted parole to 17,000 persons. Of these, 1,821 violated their paroles and were returned to prison.

Mr. Street said the board's "success rate" is about 90 per cent.

He said plans are in progress to recruit additional parole service officers and that new district offices will be opened this year at Regina, Sudbury, Ottawa and St. John's, Nfld., bringing the total to 20 across Canada.

Securities Act To Take Effect

TORONTO (CP) — Ontario's new Securities Act will become fully effective May 1, Leslie Rowntree, financial and commercial affairs minister, announced Monday. Some administrative sections go into effect immediately.

The act is being brought into effect in stages because of extensive changes it will make in existing practices, he said.

Thus, Section 1 of the act and parts 1, 3, 4 and 5 were proclaimed as of Jan. 23, the remainder as of May 1. The sections that become operative Monday deal with the operation and authority of the Ontario Securities Commission.

Other parts establish new methods of primary distribution of securities by use of a preliminary prospectus and a narrative form of prospectus. They also include rules relating to takeover bids, proxies, insider trading and financial disclosure.

NO MORE GIRLS
KYOTO, Japan (AP) — The mayor of this ancient city has decided no more public funds will be spent on hiring geisha girls for meetings and conferences. An old tradition in Japan, the custom was condemned after the entertainment bill for the city in 1966 was totted up — \$417,000, including geisha fees.

No Strike At Stelco

HAMILTON (CP) — Agreement on terms of a new contract for 130 bricklayers at the Steel Co. of Canada averted a threat of a strike set for tonight.

A memorandum of agreement was signed late Monday afternoon after talks between officials of the company and Local 1, Bricklayers, Masons and Plasterers International Union.

It is subject to ratification by union members.

A strike by the bricklayers could have affected the jobs of 11,000 steelworkers at Stelco's Hilton works in Hamilton.

In a similar situation recently at Algoma Steel in Sault Ste. Marie, Ont., operations involving some 8,000 men were tied up for 29 days by a walkout of 80 bricklayers. The Algoma workers won a 72-cent-an-hour increase over three years.

SEEK PET'S VENGEANCE
WARASHI, Ind. (AP) — Betty and Ed Corp have advertised a \$100 reward for whoever can identify the two hunters who shot a squirrel on their property. It was a house pet and the squirrel season was closed at the time.

Museum Opens New Gallery

TORONTO (CP) — The Royal Ontario Museum opened a new gallery recently that does just about everything to a visitor but take him for a ride through the time barrier.

The Hall of Fossil Invertebrates, one of a series of teaching galleries being opened at the museum, uses light, color sound, movement and other special effects to trace the evolution of lower animals from the earliest incidence of life on earth.

It was designed by Harley Parker, chief of the ROM's display-general department.

As the visitor enters he is in a simulated underwater environment. Before him is an animated diorama showing life as it probably existed under water in the Ontario area 420,000,000 years ago.

The display then jumps forward to show modern living invertebrates and the environment in which they are found.

SOME SMALL HOPE
RIO DE JANEIRO (AP) — After Brazilian housewives complained when the cost of living went up nearly 16 per cent in a week, the semi-official Getulio Vargas Foundation reported the cost of living in Rio rose 41 per cent in 1966. But this was four per cent less than in 1965.
