

ALL FOR THE LOVE OF ROBBIE

PIPE SGTS. G. BRUSH AND D. McEACHERN flank Sgt. Harnish Hay as he enters the Branch 120 Legion Hall with the traditional Haggis highlighting the annual Scots' tribute to their immortal countryman Robbie Burns. Bad weather on the night of the supper cut into the attendance.

DR. ALISTAIR MACINTOSH ADDRESSED the Haggis. Following the supper, the crowd was entertained by Scots dancers and singers.

Talks to Producers on Preventing Milk Flavours

George Pelletier, Milton RR 6, was elected president of the Halton County Milk Committee at their annual meeting on Wednesday, February 1st, at the Trafalgar Hall. Vice president is Sam Harrop, Milton RR 5, and secretary-treasurer, Victor J. Lawrence, Oakville.

The committee adopted the procedure of electing Directors on a rotational basis. These are as follows:

3 Year Directors: George Pelletier, RR 6 Milton; Craig Reid, RR 6, Milton; Fred Nurse, RR 2, Georgetown; Sam Harrop, RR 5, Milton; Gordon Sinclair, Burlington.

2 Year Directors: Victor J. Lawrence, Oakville; John Bird, RR 2, Georgetown; Russell Hurren, RR, Campbellville; Bruce McClure, RR 3, Georgetown; James C. Reid, RR 2, Georgetown.

1 Year Directors: Kyle Bingham, RR 4, Georgetown; Mac Alexander, RR 1, Norval; Colin Mackay, RR 4, Milton; Ford Wickson, RR 2, Georgetown; John Kitching, RR 1, Moffat.

Glen White, Halton Dairy Fieldman, emonstrated the Gel Index. Lunch was served to the eighty producers present. J. C. Palmer, Associate Director of the Dairy Branch, stated that the milk producer has a real responsibility to the consumer. He complimented Ontario producers on having premises superior to those that he had visited in the United States.

Dr. A. N. Myhr, Dairy Science Department, University of Guelph, discussed Flavours in Milk. Clean and healthy cows,

and management, and good stable ventilation, are essential in the prevention of flavours in milk. He suggested that corn silage should not be brought into a dairy barn, prior to feeding, as cows breathe the silage odour, and this is almost immediately picked up in the milk. Corn or grass silage should not be fed during the three-hour period to milking, because of the ability of the milk to pick up this odour. Dr. Myhr suggested that dairymen should check their bulk tanks regularly, to be sure that all controls are working properly, so that the proper temperature is maintained in the tank.

Alvin Stewart, member of the Milk Marketing Board from Eastern Ontario, discussed policies of the Board. He stated that the sixty-seven thousand dairy farmers in Ontario sell three hundred and sixty-seven million dollars worth of milk in a year. Thirty-three thousand of these are fluid and industrial milk shippers, accounting for two hundred and seventy-five thousand dollars worth of produce.

Producers had many questions on the proposed method of maintaining and acquiring quotas for fluid milk produce. The final speaker, Mr. Ed Duncanson, Ontario Milk Marketing Board Regional Fieldman, suggested that he is available at all times to assist producers in this county in any problem connected with milk production.

The Halton County Milk Committee has completed its first year of activities, under the chairmanship of Ross Segsworth. This Committee is an amalgamation of all previous milk producer associations in the County.

HOSPITAL NEWS

by Les Clark

Another Hospital year is just about finished, and we think it has been a remarkably good one, in fact, we should judge, the best since the hospital opened in '61. All departments are functioning well, and the year has shown remarkable progress in many ways. There have been few changes in staff. And there seems to be a fine spirit of co-operation throughout. With the annual meeting just a few weeks away . . . we should judge the annual report will be an excellent one.

Details of the annual meeting will appear in next week's column, along with the usual ad.

How will the Hospital observe this year's Centennial? A number of suggestions have been made, but as yet there are no firm plans laid. At the last board meeting however, it was moved that the head of public relations be chairman of this committee, and collaborate with Mrs. Inez Crichton in the formation of suitable plans for this year's celebration. It is hoped to have plans formalized in the next six weeks.

Cr. Bill Smith, the Town's centennial chairman has offered the council's assistance in any way possible.

Our personal preference for a Centennial project would be something that would be of a lasting nature . . . And in case anyone should be interested in marking our Centennial year by a gift to the Hospital, we have a rather lengthy list of items from a very modest cost to rather expensive ones! To get back to the original point, however, we should like to see a concrete effort made this year to provide air conditioning for one or two areas—and we think particularly of the operating room and obstetrics. These are the two areas where it is most needed, and indeed without it, it is becoming more difficult to function properly, with the increasingly heavier use of both areas. This is a heavy expenditure, but is one that is vitally necessary to the well being of the hospital.

More about this later!

On behalf of the Hospital we welcome Georgetown's new industries to our community. It has been the custom of the board to invite various groups, (including industry) to the hospital to show them the facilities we have available, and to ask them if they have any suggestions as to how the institution can serve the community best. These special nights have become most successful and we hope that in the near future such an event will be held to allow our new corporate citizens to become acquainted with one of our most important institutions.

There have been a number of small donations coming in to the hospital lately, for which we are truly grateful.

Once more we would like to say that not one red cent comes to the Hospital for new equipment or capital expenditures, from any source, be it government or otherwise. The Commission pays ONLY the day to day operating costs, and not one cent towards anything else. We

often hear that tired old statement "the government pays for it" — and we would emphasize this is just not true. For any improvements and new equipment we must rely solely on the generosity of our citizens, organizations and industry!

Administrator Fred Whittaker tells us that he now has our new number from the Dept. of National Revenue, stating that we are a registered Charitable Organization under the Income Tax Act . . . Which means we are a recognized income tax deduction, if you would like to give us a donation . . .

Bishop Officiates When Eleven Confirmed Sunday

The Rt. Rev. Walter E. Bagnall, Lord Bishop of Niagara, administered the Apostolic Rite of Confirmation to eleven adult candidates during a special service at St. Paul's Anglican Church, Norval, on Sunday, February 5. Ormie Carter was Bishop's Chaplain and the Rev. Wm. Anthony, Rural Dean of Halton, and Rector of St. Aidan's Oakville was Chaplain Extraordinary to the Bishop.

In his address to the confirmands, the Bishop talked about the significance of the three things that identify him as a Bishop in The Church of God. He spoke of the Bishop's ring, the pectoral cross, and his staff or crook. He said that the ring symbolizes the unity of all Christians, towards which he must work. The pectoral cross is the sign of sacrifice, the lot of every practicing Christian. The shepherd's staff is the sign of service, in ministering to all God's children. He stated that in accepting the laying on of hands, they were being "ordained" into the "royal priesthood of the laity," and that they, as lay ministers, were called to work for unity in the Christian family, to face sacrifice as they served Jesus in their daily lives, and to offer service to the world in His Name.

After the service, 140 men, women and children sat down to a hot supper, planned and served by the ladies of St. Paul's.

Those confirmed were: Maura Mercer, Dan Scarborough, Henry Ashley, Marjorie Ashley, David McKinstry, Diane McKinstry, Margaret Cooke, Charles Comber and Ken Gorin of St. Paul's and Sylvia Dearsley and Lyle Armstrong of St. Alban's, Glen Williams.

WOULD YOU LIKE AN INCOME-TAX REDUCTION?

while providing for a practical retirement income too?

- Enroll before February 28, 1967 in a Halton & Peel Trust Registered Retirement Savings Plan
- Deposits are tax deductible for 1966 (within statutory limits)
- Your choice of GUARANTEED or EQUITY plans
- Make your deposits when convenient
- No loading charges or commissions to pay

EARNED INCOME	MAXIMUM DEPOSIT	ESTIMATED TAX SAVINGS
\$ 3,000	\$ 600	\$ 80
5,000	1,000	158
7,500	1,500	312
10,000	2,000	452
15,000	2,500	879
20,000	2,500	1,080
25,000	2,500	1,125
30,000	2,500	1,250

Based on 1966 tax rates for a married taxpayer with no dependents. Includes allowance for \$100 Standard Deduction and contributions to Canada Pension Plan.
