

# Many Improvements In Long Range Plan

by Jim Warren

Come to Cedarvale where the action is! Starting its second year of operation, Georgetown's own Centennial project is already a busy centre of community activities. Are you musically inclined? The Barbershopbers and the Citizens Band practice there regularly. Are you a budding artist? The Palette and Pencil Club sketches and paints there. Interested in civic affairs? Join the stimulating panel discussions of the Georgetown District Civic Group.

Enjoyable activities for all ages will be found almost any night of the week in Cedarvale's rooms, most of which provide a beautiful view of the Credit Valley. The Senior Citizens' Club of Georgetown enjoys cards and bingo, and several ladies practice the art of quilting. In the gymnasium, the Y Ladies Take-a-Break have morning coffee, listen to a guest speaker, and exercise to keep slim! Other Y activities include the Handicapped Club, the Co-Ed and So-Ed groups, a youth leadership course, and periodic board meetings.

### RAFTERS RING

The rafters ring to the sounds of Scottish dancing when the Sons of Scotland have their meetings, while the Georgetown Horticultural Society hold executive sessions to plan a Centennial garden programme for Cedarvale.

The Loyal True Blue Lodge meets there regularly. For union members, there are meetings of Local 73 of the Canadian Union of Public Employees and Local 481 of the International Brotherhood of Pulp, Sulphite and Paper Workers. Church services are held by the Christian and Missionary Alliance. The Bahai Faith recently held a series of lectures on comparative religion. The Red Cross holds its Home Nursing Course at Cedarvale, and uses one small room for its Loan Cupboard service. Add to this a constant round of casual greetings, group parties and outdoor activities, and you have one of the most active community centres in the area.

### RENOVATE GYMNASIUM

This year, the voluntary Cedarvale Community Centre Board, under chairman Mrs. Jean Rundle, is planning several

improvements which should greatly increase the popularity of this centre. Top priority is renovation of the gymnasium. It is hoped that this room can be made larger, brighter and more useful for dances, public meetings and active recreation. It is hoped that a concession can be set up to provide coffee and light refreshments to everyone using the centre. Improved washrooms are planned, to serve both the buildings and those enjoying skating, tobogganing and hiking in the parkland. Improved car parking facilities are on the drawing board, along with more convenient access to the grounds from all parts of town. All of these things are being developed as part of a well-organized, long-range plan to provide wholesome, enjoyable recreation for people of all age groups and all interests.

### \$4,000 NOT ENOUGH

How much will all this cost? Last year's budget of \$4,000 from the Town was largely spent on renovations to the heating system, the caretaker's house and the fuel bill, before the Community Centre Board was properly established. This budget cannot be considered adequate if major improvements are to be carried out. Nevertheless, offers of voluntary support from groups, individuals and industry have been most encouraging. As the

### School Trustees Vote \$40 Monthly Meeting Fee

Public school trustees voted to pay themselves \$40 each per month at a meeting in the board room in Harrison Public School Wednesday, March 1. Up until this year the trustees have turned their backs on the honorarium available to them.

The \$40 per man per meeting is the maximum fee allowed here under the school trustees act.

Chairman John Mintern's comment, "It is the consensus of opinion that the Act is laid down by the Department should be followed," was the only discussion on the matter before it passed unanimously. The motion was tabled by Gudni Sigurdson and seconded by Harry Shortill.

### NORVAL

The pictures and commentary were excellent and much enjoyed. Mrs. Lorne Cleave and Mrs. W. Graham were in charge of the program.

During the business Mrs. G. Chester reported for the Centennial Committee that a suggestion had been made to build a Cairn at the public school with the bell from the old school on top. It was decided that as many members of the WI attend the meeting to be called at a later date to deal with this suggestion.

Mrs. H. Gollop and Mrs. H. Collins were appointed for the Farm Accident Survey.

A letter of thanks was read from the Georgetown & District Memorial Hospital for the donation of 4 safety steps and 2 arm chairs for the patient's rooms.

It was decided to send a donation to North Halton Music Festival Association.

The next meeting will be the Annual meeting and all yearly reports from the various conveners are to be given.

ter plan for Cedarvale Community Centre near completion. It appears that progress will be more rapid than seemed possible last year. For the present, the aim is to pay for improvements from revenue obtained through room rentals.

### WHERE THE ACTION IS

If your group would like to join in the fun at Cedarvale,

why not plan now to hold your meetings where the action is! Rental rates are reasonable, but try to reserve space well in advance. Just call Mrs. Rundle at 877-9415. Meanwhile, why not bring the whole family over for skating, tobogganing, and some of the prettiest scenery in Canada? Right in the heart of Georgetown at Main and Maple Streets!

## Family Snow Frolic is Snowmobile Plan Saturday

The newly-formed Credit Valley Snowmobile Club has planned a family party at its Georgetown Golf and Country Club headquarters as its first function.

They're calling it a Family Winter Frolic and the general public has been invited to take part. For a nominal fee adults and youngsters can join in the Saturday March 11 snow party which includes skimobile rides, hayrides on a tractor-drawn sleigh, and general fun on the Georgetown Golf and Country Club slopes.

The organizers hope the family small fry will bring along their toboggans and sleds and take advantage of the rolling hills. The hayrides will shuttle revellers back and forth between the bonfires at strategic locations around the course, and the clubhouse.

If the adults time things just right they can deposit the kiddies back home in the late afternoon and arrive back at the Georgetown club in time to dance in the spacious new lounge. It's all included in the admission price.

Georgetown Golf and Country Club is located on the 10th Line; Smith and Stone.

of Esqueping Township three miles north of Norval on No. 7 Highway. Things start rolling at 1 p.m.
