

### Smoker Can Turn "Beast"

OTTAWA (CP) — Cigarette-smoking may turn a nice guy into a "demanding, attention-seeking, jealous" "beast," says an article in Canadian Nurse magazine.

Dr. Gene M. Smith of Harvard medical school writes that he drew this conclusion from a study among 1,428 smoking and non-smoking students.

The non-smoker sees his smoking classmate as less conscientious, less self-reliant and less responsible than he, Dr. Smith says. Smokers are generally more extroverted but less in a mannerly, less good-natured and not so trusting or tender as their stronger-willed friends.

### Will Unveil Toronto Flag

TORONTO (CP) — A distinctive Toronto flag, secretly planned or several weeks, will be unveiled May 1, the chairman of the city's art advisory committee said Monday.

Professor Eric Arthur, the flag's designer, refused to describe the flag. He said it will be on display next week at the art advisory committee's meeting.

Mayor William Dennison said he believed the flag will contain the city's coat of arms, with its Industry, Intelligence, Integrity motto.

The mayor said the flag is not just a centennial project, but is intended to be "a permanent pennant."

### Medicare Plan For Manitoba

WINNIPEG (CP) — A compulsory medical care insurance plan for Manitoba was given approval in principle by the legislature Monday with only two dissenting votes cast, although several members had opposed the measure in debate.

It is to be implemented July 1, 1968, under the terms of the federal medical care plan which provides that the federal government pay half the costs through grants. The provincial share of the cost, estimated at about \$17,000,000 during the first year of operation, is to be paid through premiums by residents.

### New Shopping Centre For Simpsons-Sears

TORONTO (CP) — Simpsons-Sears Ltd. announced recently that it will build a major department store in a shopping centre at Burlington, near Hamilton.

The centre will be developed by Cambridge Leaseholds Ltd. of Windsor.

Simpsons-Sears already has a store in Hamilton and another in nearby Dundas.

### THE STARS SAY

Mixed stellar influences. Financial matters and business negotiations conducted with persons of good repute and experience should work out extremely well, but have no dealings with anyone whose motives are open to question. Natives of some Signs could be deceptive in their approaches.

**FOR THE BIRTHDAY**  
If Wednesday is your birthday, your horoscope indicates that, as of July 1, you will enter an excellent two-week cycle governing your monetary interests—one which will be followed by an even better period which will last from Sept. 15 through Nov. 15. It will be important, however, that you avoid speculation of any kind during the first two weeks of September. In fact, speculation is "out" for the Taurus for the next 12 months, at least. Your financial gains will come through conservative management only.

Next good periods along the aforementioned lines: Early December, next February and March.

In occupational affairs, fine opportunities for recognition and advancement are indicated in July, late September, early December and throughout January, March and April of next year. Those in the musical and artistic fields should do exceptionally well during the entire months of June, September, December and next January.

Personal interests will be especially star-blessed within the year ahead, with emphasis on social life, which could prove unusually glamorous — especially between September 15 and between Nov. 15 and Jan. 1. These two periods will also be propitious for romance, as will next April and May. There will not be too many auspicious days for travel (except for short trips) during the balance of 1967, but you can look forward to enjoyable prospects along this line during the early part of 1968.

A child born on this day will be endowed with a most retentive memory and unusual tenacity of purpose; may, however, be inclined toward obstinacy.

**ANIMALS WANT TO KNOW**  
Lions, penguins and gottulas all share the same trait—extreme curiosity.
