**Charles Haws keeps the
Volkswagen just for the fun of it.**

Charlie Haws lives in Toronto at 7292 Topping He's in the real estate business. And obviously, he's good at it.

One day we passed his garage and this is what we saw. We were curious as to why a man who could afford a Rolls would have a Volkswagen. Instead of just guessing, we went right up and rang Charlie's door bell.

"Sir," we said, "would you mind telling us why you own a Volkswagen as well as a Rolls Royce?"

From here on we'll quote Charlie "I bought a Volkswagen when I started in business several years ago, and I have nothing but good things to say about it. I guess I bought it for economical reasons,

but after awhile, I found it was really fun to drive...well anyway, I got lucky and started making more money than I ever dreamed I'd make, and I figured that everybody is entitled to one big luxury in his life. Mine was the Rolls Royce. But I never did get rid of the Volkswagen. And I'll tell you why, I still get a lot of fun out of driving it... you might say it keeps me young... besides, these two cars make a great balance in my life. The Rolls reminds me how far I've come, and just as important, the Volkswagen reminds me of how I got there. I think that's healthy...."

That's Charlie Haws' story. Moral: Buy a Volkswagen. It will help you save up for a Rolls Royce.
