The May meeting of Norval Presbyterian WMS was held on Wednesday afternoon May 23 at the home of Mrs. Hyatt McClure. The theme for the meeting was "The Church and the First Canadians". The chapter from the study book was given by Mrs. Silver Hunter. The scripture lesson was read by Mrs. Churo Archdekin followed by prayer by Miss Florence Brown.

areas of the township so this has raised our rate.

Still confused and find it all as clear as mud? Me too!

Some irate ratepayers are talking about a protest meeting, and just a waste of time, but one thing is sure — the most popular subject of conversation in the village this week is taxes, how the mill rate is reached and how come when we have the least we have to pay the most?

Teens Would Form All-Girl Band Here

Two enterprising young girls Sandra Hornby and Gail Butler are trying to form an all-girl band.

A friend who knows the why and whereof tried to explain in a few brief minutes to this confused ratepayer with not too great a success.

In Equating the taxes for the county are the same, the taxes for the township are the same, but for the school tax the township is divided into 3 sections of Georgetown, Milton and Acton. Each section covers the same area as the high school in each town, therefore Norval is in the Georgetown section. The rate is based on the assessment. Norval does not have as many homes or businesses as other sections so our rate is higher. Seems as if it is because we have the least we pay the most in this case.

Mr. Wallace, whose home is in Orangeville, has been associated with the Harold C. McClure Funeral Home for the past year.

Coronary artery disease occurs more often and at an earlier age in men than in women, and the death rate from this type of heart disease is higher among men, especially between the ages of 30 and 60.

Bonham, Smith, Baxter Have Three Race Sweeps

Garry Bonham, Glen Smith and David Baxter pulled off three race sweeps at the opening session of go-kart racing at the North Halton Kart Club, Wednesday.

Bonham took the heat, semi and feature in the speediest division, Class 2; Smith did it in Class 4; and Baxter in Class 6.

Bob Stevenson came on to capture the Class 4 feature by spilling Peter Breede's bid for a perfect night, and Bob Turner led the field to the wire in the Class 5 feature after Garry Bonham had chalked up wins in the heat and semi.

Kart racing occupies the North Halton track every Monday night, and the club is open to the public Sunday afternoons when rental karts are available.

Says Fire Protection Adequate for Apartm't

Fears that a new 4-story apartment building would not have adequate fire protection were allayed at Monday's council meeting.

John Hole, 28 Windsor Rd. said he is concerned about the protection the fire department can offer to a new apartment building built at Maple and Guelph Streets.

He was told by Cr. Fred Harrison that building height is not an important factor and that regulations call for fire hydrants on every floor of such a building.

"For instance, the Toronto department cannot have ladders which reach to the top of the Toronto-Dominion building," he explained.

Cr. Jim Young said the building-by-law allows buildings 35 feet in height and the new building is not classed as a high-rise apartment.

"We also have the co-operation of our hydro" added Deputy Reeve Speight. "They have equipment available which can evacuate people from upper storeys of buildings in an emergency."
