

WINNERS IN THE JAYCEE BICYCLE ROAD-RACE competitions received their awards at a special evening last week. From left, in the front row are Jim Hammer, junior boys' champion; Greg Nelissen, senior boys champion; Ann Milne, junior girls' champion; Pat Syme, senior girls' champion; and Dwight Laidler, representing the 1st Georgetown Scouts who won the trophy for best group. Standing behind are Jaycee Ron Sauer, project chairman, and Scoutmaster David Hastings.

Miscues Contribute When Giants Drop Dundas Game

Miscues enabled Dundas Chiefs to scalp Georgetown Giants 8-2 in a Halton Intermediate Baseball League game in Georgetown park, Wednesday.

The Chiefs took advantage of the shaky fielding for six runs in the second inning, all unearned. The flood chased starter and loser Bernie Dore from the mound.

Dore was lifted for Jim Lindsay. Terry Litzen went all the way for Dundas fanning six,

walking two and allowing just four hits.

Larry Wilson had two singles and a triple for the winners. George Evans had a single and a triple and Len Wickens two singles.

Giants did all their scoring in the second inning. Third baseman Danny Arbie got on through an error, Jason Field the shortstop, singled, centre fielder Howard Murphy walked and catcher Don Lindsay singled.

Tykes Blank Waterdown In Second League Game

On Friday, June 2, Georgetown Tykes travelled to Waterdown for their second game of the young season. It was a game which saw Georgetown erupt for four runs in the third inning and six in the fourth, for a 10-0 triumph.

The big hitters for Georgetown were Dean Popiel with a three run scoring triple and a single; Randy Dubion with a double and a single; Osbourne

with a double, and singles by McCosh and Inglis.

Also a strong man for Georgetown was Mike Forbes who pitched the seven inning game. He struck out fifteen batters, allowed only two hits and three walks.

Missing from the lineup was Larry Petterson who is recovering from a tonsilectomy. Larry has proved to be one of the most consistent hitters this year.

August 17 — Hornby at Drumquin.

August 18 — Drumquin at Omagh; Glen Williams at Kilbride.

Pitchers' Duel, Hunters Snag 1 Run for Victory

An infield single by Jason Fields scoring Bob Freestone from third snapped a scoreless deadlock and gave Georgetown Hunters an 11 inning victory over Rockwood in an Intercounty Fastball League game Tuesday.

It was the second win in two starts for the Georgetown club, both at their home diamond in Glen Williams. They took the Glen 8-4 in the opener.

Georgetown's Merle Raft and Rockwood's John Salmon were the throwers hooked up in the pitching duel, and though Salmon had the better record on the night Raft's ability to get out of hot water made his win a deserved one.

Salmon wiffed 19 Georgetown batters and didn't allow a Hunter to get past first base until the 7th. Thirteen Rockwood runners were left stranded on base. Salmon gave up just 6 hits and Raft allowed 10.

In the Georgetown half of the second extra inning, Freestone hit and reached second on an overthrow. He advanced to third on George Balasko's sacrifice bunt and carried the winning run home when Field lined a shot that the Rockwood second sacker couldn't handle.

The Hunters are in Rockwood for a rematch tonight, play in Guelph Sunday and meet the Glen for the second time at the Glen diamond Tuesday night in the meantime Glen Williams hosts Hillsburgh Friday night.

Big Seventh Inning Gives Hornby Victory

Hornby residents parlayed 3 singles in a double in the seventh inning into three runs and a 6-5 victory over Procor Friday.

Singles by John Johnstone and winning pitcher Bob Newman and a double by Jim Stewart evened the score at 5-5. Another single by Bob Shute scored the winner.

Procor's inability to score base runners and strong stint of relief pitching highlighted the game.

Starter Shute was in trouble during most of the early going but Procor's lead was only 4-3 after four innings. They stranded a dozen runners in the game.

Newman took over with Procor leading, 5-3, in the sixth and blanked the visitors for the rest of the night. Eight of the dozen outs he recorded were on strikeouts.

Procor wasted another fine pitching performance by Merv Curtis. Curtis fanned 11 and struckout the side in the eighth.

Standard Products Leads Industrials in Softball

Standard Products coasted power as they slipped into the lead in the Georgetown Industrial Softball League race which got underway at the Park Monday, May 29. Two games were played Monday and Wednesday.

Effective twirling by Bob Sinclair and consistent hitting enabled SP to pile up a 30-3 score on McGibbon Hoteliers in the opener. Wednesday night, Sinclair again tossed ball as Standard topped Kinsmen by a 0-7.

Harrison School Field Day Results

Harrison Public School chose its track and field team last week. They will represent the school in an inter-school field day at the Georgetown Park this week.

How to buy a good used car

Take the mystery out from under the hood

One in a series

When buying a used car, determine, first of all, what will best suit your needs. But don't look for only Make A because you've never liked Make B. Make B might fit your purpose better. Once you know what you want, inspect it carefully. Remember, though, a good used car should look used, not abused.

Here, then, are some ideas on what to look for when you're buying a used car. Keep it for reference and look for more good advice in the rest of the series.

Engines—The dry-run test covers basic engine checks you can make right where the car stands. Start with a good, hard look at the engine. The most important single thing you are buying in a used car is unused engine performance. A reasonable amount of oil film and dust is a normal sign of service. If you think the engine is too dirty, find out why. Look closely at every engine part you can see.

Fan Belt—If the fan belt is loose or frayed, adjustment or replacement is more than likely necessary.

Radiator—Remove the cap and look at the underside. If it's oily, the head gasket could be leaking. Squeeze the radiator hoses. If they're spongy, new hoses should be installed.

Battery—You don't want to get stuck in the middle of nowhere some day, so check very carefully for cracks in the battery case and for corrosion around the battery cables and battery carrier.

Air Cleaner—Remove the air cleaner cover and examine the filter. A neglected cleaner lets dirt into the engine and causes excessive wear of moving parts and restricts air intake.

Carburetor—Look closely for deposits around the carburetor. Leaky gaskets allow fuel to wash down and leave varnish deposits on the carburetor body.

Distributor—Check the cap carefully to make sure it's free of cracks and all the leads aren't worn or frayed.

Spark Plugs—These can be a good barometer of an engine's running condition. Have one of the spark plugs removed. If the tip is covered with black, greasy carbon and oil, the engine could be an oil burner.

Starting—Once the engine is running, listen closely for unusual slaps, bangs or knocks. These can mean excessive wear. Then accelerate the engine and take a look at the exhaust. Gray or gray-blue smoke can mean the car is a heavy oil burner. White exhaust is usually steam which stops when the engine warms up. Black smoke suggests poor carburetion. If you hear slight popping noises, while racing the engine, it might mean the valves are leaking.

Tailpipe—Run your finger around the inside of the tailpipe. If it's dry, the engine is not an oil-pumper.

Gauges—Make sure the fuel gauge works while the engine is running. Turn the engine off. Wait a moment. Then turn it on again. The oil indicator light and the ammeter indicator light should come on. If working properly, they will go off as soon as you start the engine again.

Your awareness is your protection. When you know what to look for, you can buy with confidence. This series has been developed to help build your confidence in used-car buying.

Of course, an even better way to gain confidence is to talk to a Chevrolet-Oldsmobile OK Used Car Dealer. He has the cheapest used cars available—reconditioned and selected to meet the highest used-car standards. You can be sure that they will stand up to this recommended inspection. Your Chevrolet-Oldsmobile Dealer's reputation rides with you. That's why, when you buy an OK Used Car, you know what you're getting into.
