## At Least They're Talking

Live broadcasts from emergency sessions of the United Nations last week-end commanded the attention of millions of viewers in America as the assembly debated the Israeli-Arab war and charges by Syria that Israel had violated a truce.

The words of delegates from Russia and Bulgaria were frightening to hear, with direct blasts at the United States as a conspirator, and veiled instructions that other world powers were also supporting Israel.

And yet, frightening as they might be, one felt at the same time that international politics have advanced when at least nations face each other across a table and say what they have to say directly.

The United Nations has a real task ahead in sorting out the tangled web which produced an explosion which put the world on the brink of a third world war. It must deal not only with present facts but with solutions which can ensure incidents cannot occur in future. The mutual mistrust between western powers and the iron curtain countries is not a healthy atmosphere for such solutions, yet find them we must, or our world can end in holocaust.

It is vitally important, too, that the United Nations stay in existence as a potent world body, not only for exchange of opinion, but with the power to settle territorial disputes between neighbours.

## Addition to the Cemetery

The handsome caim, erected near the gates of Greenwood Cometery, is a worthy addition to the town and one which will be the focus in future years of an annual remembrance service for Georgetown peopie who have played their part in development of our community.

Credit is due to the Odd Fellows, Rebekahs, Legion and W.A., who combined to erect the cairn, and particularly to one member of the lodge, Aubrey Grant, whose idea it was to focus attention on those who have gone before.

In the past such services have been / ion.

held by individual groups, but this is the first of what is planned to be a community service, with everyone joining in the cere-

The cairn, with its handsome plaque, will be a permanent reminder of one of the town's centennial projects, and a focal point for a yearly service in which we will remember men and women whose contributions to civic life and their community helped for today's progressive town.

It is right and proper that this be done, and we thank those men and women who successfully carried this Idea to its conclus-

## Not Like They Used To Be

Death of Spencer Tracey removes another of the movies' box office giants of the days when stars like Gable, Cooper, Power, Lombard, Harlow kept the movie houses

While today no one can argue that high quality movies are being produced, along with the flotsam, we don't have the sters we used to have.

Only a handful, perhaps Burton and Teylor, Brando, Wayne have that magic spark which attracts the paying customers. The star system has been replaced, perhaps to the advantage of the movies, by selecting the player for the role, rather than tailoring the role to the star.

But it isn't as satisfying, not by a

long shot.

We grew up in the silent screen days

when Gloria Swanson, Billie Dove, Nancy Carroll were emoting; when Baby Peggy, Rin-Tin-Tin and Ken Maynerd were international idols. Then came Marlene Diettrich, Constance Bennett, and Janet Gaynor, to mention only a few names that spelled

Most of them didn't pretend to play anything but themselves. And why should they? It was enough to see these gorgeous creatures emoting, movie after movie, in the house. That is not said un-dy-wagon were parked in front you a postcard from Crete. the parts they had perfected.

With the exception of Dietrich (now starring at Expo) and Swanson (who bobbed up on a Beverley Hillbillies episode the other night) they're all part of the dim, dim, deed past. How many people will re- tads. Invariably there is wine madly, as people demanded to Heart Foundation says. member today's movie greats a quarter drinking and fighting. century or more later?

From the Heralds of 10 and 20 Years Ago

1957

A number of Georgetown High School students whose desire to recreate a link with the school after graduation saw their plans finalized when after an absence of 22 years the GHS year book, The Challenge, went on sale this week.

 Stan Finlay, a member of the local Alliance Paper Mills staff since 1940, has been named assistant mill manager. Mr. Finlay has been technical supervisor for the past several years.

The stage coach that came thundering up Georgetown's Main Street, Wednesday afternoon wasn't 100 years late even though the garb of the passengers and coachman suggested an era not known by the startled shoppers who stopped to watch it pass. Among its passengers were Milton Mayor J. M. Ledwith with an official invitation for Georgetowners to attend the community's Centennial Celebrations.

Georgetown's baseball team took a 13-4 licking from Acton, Saturday. Georgetown's lineup included - Ev Wilson, Hal Gibson, Bill Chaplin, Bill Ritchie, Cliff Norton, Kent Storey, Larry Ritchie, Art Murdoch and pitcher Bill Bryden.

The Lorne Scots band has again taken top honours at the Waterloo Music Festival. Members of the band, led by Alf Perrott, are: cornets, Joe Wikox, Fred Armstrong, George Long, Douglas Peck, Jim Golden, Jack Addy, Stan Fay, Vic Certer, Charles Landsborough, Norm Braids, Altos: Harold Wheeler, Emest Forgrave, Joseph Carter, George Smith; clarinets: Roy King, Harvey King, Frank Carter, Emery Thompson, Nino Braida; trombones: Ian Emslie, William Emslie, Bruce McKerr, Ray Agnew, Harvey Cuthbert; euphonium: Buster Hele, James Burns, Ralph Peck; bass: Arthur Cuthbert, Norman Long, Leno Marzo; drums: Ed Peters, O. Stapleton, Arnold Cuthbert; cymbals: Thomas Herbert; saxophone: Maurice Herbert.

• Fred Webb of Toronto took over ownership of Baird's bakery this week.

 New subdivisions on the Dayfoot property behind John Street and the Watson property off Maple Avenue will soon add twenty new homes to Georgetown-
