

7 Major Fires, No Casualties in 1966

Halton County had seven major fires in which 26 persons were injured during 1966 according to the past year's fire facts contained in the annual report of the Ontario Fire Marshal, M.S. Hurst.

There were no fire fatalities in the county in 1966.

Large fires reported to the O.F.M. included four in Halton—one each in Burlington and Georgetown and two in Oakville which caused a total of \$515,841 estimated loss.

The Halton County Fire Prevention Bureau and the Milton and Oakville Fire Departments were among Ontario groups commended by the Fire Marshal for winning prizes in the annual National Fire Protection Association fire prevention competitions.

Major fires in buildings are all reported by local fire brigades to the Fire Marshal. His annual-report lists each municipality in Ontario. The following indicates the number of fires in 1966, the year's fire loss in dollars, and (in brackets) the five year average loss from 1962 to 1968:

Acton 11 fires, \$1,452 (\$7778)
Burlington 177, \$507,711 (\$358,146); Georgetown 27, \$109,059 (\$38,128); Milton 13, \$7,312 (\$51,037); Oakville 143, \$380,275 (\$297,453).

Name Georgetown Plant as Canadian Yoder Sales Rep.

Yoder Equipment Canada Ltd., which officially opened its doors in April of this year, has recently been named as the exclusive sales representative for Yoder Equipment in Canada. E. H. Kanzenbach, vice president of International Operations for The Yoder Company, Cleveland, Ohio USA said that the new move allows Yoder Canada to provide complete manufacturing, sales and service for all Yoder products in Canada.

The new Yoder plant, located at 35 Todd Road, Georgetown, Ontario covers approximately 25,000 square feet. Yoder equipment that was previously manufactured in the United States can now be produced in Canada without the added burden of the 2 1/2 to 22 1/2 per cent duty. The plant also provides additional jobs for Canadians.

John Simonyi, president of Yoder Equipment Canada, Ltd. will head up the sales operation until a permanent sales manager is appointed. Leslie Simonyi serves as treasurer and secretary.

"The move to include Yoder Equipment Canada Ltd. as our exclusive sales representative is an expression of confidence in the expanding Canadian metalworking economy" said Mr. Kanzenbach. "We feel that the most qualified personnel to handle all three phases of Yoder operation Canada are the people from Yoder Equipment Canada," he added.

talworking economy" said Mr. Kanzenbach. "We feel that the most qualified personnel to handle all three phases of Yoder operation Canada are the people from Yoder Equipment Canada," he added.

The Yoder Company, with general offices at 5500 Wadsworth Avenue, Cleveland, Ohio is one of the world's key producers and designers of pipe mills, tube mills, roll forming machines, slitting lines and cut-to-length lines. In addition to Canada, Yoder has subsidiaries in France and licensees in Japan, Australia and Sweden with sales representatives in many major metalworking markets in the world.

LET'S PLAY BRIDGE

BY BILL COATS

It is customary in North America to lead the highest card from a sequence. That is, you lead king from king-queen from queen-jack.

There is one exception, however, and that is the lead of king from ace-king. This can be a little confusing for the defenders, therefore it is up to declarer to take any advantage that he can of the situation.

The Bath Coup exploits this ambiguity of the king lead from both ace-king and king-queen. Here is an example of this which occurred last week at the Acton Bridge Club.

Board No. 13; dealer North both sides vulnerable.

North
S—A K 6 4
H—10 9 7 3
D—8 2
C—A 6 3

West East
S—10 9 3 S—J 2
H—K 5 2 H—Q J 8 4
D—K Q 8 5 3 D—10 9
C—8 7 C—J 10 9 4 2

South
S—Q 8 7 5
H—A 6
D—A J 7 4
C—K Q 5

The bidding:

North	East	South	West
Pass	Pass	1NT	Pass
2C	Pass	2S	Pass
4S	All Pass		

North's response of two clubs is the Stayman Convention, asking South if he held a four card major. When South showed a four card spade suit, North jumped straight to game.

West decided to use an active defense. He led the king of diamonds. When East played the ten, South decided to try the Bath Coup. South followed with the four of diamonds. West thought that East wanted the suit continued. This would be the best defense if West had the ace and king of diamonds. But alas, West had king-queen and the continuation gave declarer an extra diamond trick.

Declarer won the second diamond with the jack after West had led a low diamond. Trumps were drawn and one heart trick conceded. Making five on the hand was good for

Dialogue Replaces Sermon at Church Anniversary

THE GEORGETOWN HERALD THURSDAY, JUNE 22nd, 1967 PAGE 14

Novral United Church anniversary services were held on Sunday, June 11th with Rev. Warren Bruleigh as guest speaker. Mr. Bruleigh works in the Division of Congregational Life and Work at the church headquarters in Toronto.

Special music was provided by the choir led by Miss Kathleen Coombs. Organist was Ron Laidlaw.

At the evening service in place of the regular sermon a dialogue was held between Rev. W. Ridley and Rev. Bruleigh about the situation in the Christian Church today and in the future.

Following the evening service a social hour was enjoyed in the basement with the UCW serving tea and cookies and Rev. Bruleigh answered questions.

A new pupil Bible was dedicated at the morning service by Rev. W. Ridley in memory of Miss Nancy M. Barnhill donated by Hardy Barnhill.

Expo and Your Telephone Pavilion

Several years of planning and work by the major telephone companies in Canada have resulted in the TELEPHONE ASSOCIATION OF CANADA PAVILION at Expo.

WE ARE PROUD OF THIS PROJECT
IT'S SOMETHING YOU MUSTN'T MISS ON YOUR EXPO VISIT!

The whirlwind tour of Canada via Walt Disney's Circle Vision 360° technique proved the most popular attraction at Expo during its opening weeks. Some 36,000 visitors a day are crowding into the circular theatre in the Telephone Pavilion to view the wonders that are Canada.

"Canada 67" is leaving Canadians with a deep sense of pride in their country and visitors from other lands with a new respect and awe at the vastness and variety of our land.

I HOPE YOU WILL PUT THE TELEPHONE PAVILION HIGH ON YOUR LIST OF 'MUST VISIT' BUILDINGS WHEN YOU ARE AT EXPO

MOVING? . . . whether it's off to the cottage for the summer months, down the street, across town or to a distant city moving presents quite a challenge for most homemakers. Lists of things to be done can help smooth the path, however. Could I ask you to please jot down 'telephone' at the top of that important list? By letting us know of your moving plans we can clear up all the "behind the scenes" work and ensure prompt service when you move into your new dwelling. Although it usually takes our installers only a short time to install telephones in your home, much planning and work must be done in our switching units to provide this taken-for-granted service. When you let us know early of your moving plans, we can plan ahead to avoid any delay in serving you.

When you are vacationing in unfamiliar territory — as many of us may well be doing this year — it's good to know that you can count on the local telephone directory for help. If you need a mechanic, a new fishing rod, a good restaurant, a doctor or a dentist, you'll find listings quickly in the Yellow Pages. And, if you are not sure of dialing procedures or just how to place a call in a strange town, you can turn to the front pages of the telephone book for helpful information.

Seems hard to believe, especially with all the communications of the future on display in the Telephone Pavilion at Expo 67, but just 91 years ago — June 25, 1876 — the first public demonstration of the telephone was held at the Centennial Exposition in Philadelphia.
