Gives Showmanship Tips to 4-H Forage Club

The Halton 4-H Forage Club held its fourth and last meeting in conjunction with the 4-H Corn Club at the farm of Harvey Nurse, Ashgrove. A visit to Milton Quarries to view their operation had been scheduled for part of the meeting, but was later cancelled.

A Milton fair display committee was arranged in the business part of the meeting. Bill Wilson and Al Brownridge gave a talk on showing grain and corn, respectively. Nurse then showed his farm operation, there was a film about soil nutrients and a class of hay was judged, with official reasons afterwards.

The meeting was adjourned and Mr. and Mrs. Nurse served refreshments. Carl Middlebrook thanked Mr. and Mrs. Nurse for their hospitality.

Alert Blood Donors To September Clinic

6 Orchard Blvd.
August 21, 1967

Dear Mr. Biehn:

Through the medium of your mail box I would like to alert all Blood Donors concerning the next Blood Donor Clinic on September 11th.

Because it is holiday time we are dispensing with the canvass by telephone. Reminder cards will be sent out very soon and we are depending on this means and advertising.

We do hope that all donors and prospective donors will support this late summer clinic which will be held in Holy Cross auditorium, 1.30 p.m. to 4.00 p.m. and 6.00 p.m. to 9.00 p.m. Please pin your reminder cards to your calendar or leave in a prominent place until after the 11th of September. Should it be a very hot day the auditorium will be the coolest spot in town. Whatever the weather, you will be comfortable.

Do come and enjoy refreshments after you have made your donation and perhaps meet your friends and neighbors whom you have missed during summer holidays.

Thank you, Mr. Biehn, your continued help with clinics in various ways, is much appreciated.

Blood Donor Committee,

Attends Family Picnic While on Vacation At Cobourg

While spending two weeks' vacation at Cobourg, Mr. Walter Gurnier, of town attended a picnic with sixty other members of the family.

Among events which he particularly enjoyed were a tug-of-war between the women and the men, and a contest to knock out four empty oil cans at fifteen feet.

It was an ideal picnic spot for children, with safe wading and swimming in Lake Ontario and a fine white sand beach.
