Cuts Weeds, Farmer Wants Same from CNR

Weeds on railway track property, brought John Wagstaffe to Esqueving council, Monday night.

"I cut a hundred acres right up to the fence, and on the other side of the fence the weeds are going to seed year after year," he stated. "They may have ceased to operate that railroad, but I still operate the farm," he added.

He claimed he had made numerous long distance calls to the CNR and written letters and got nowhere.

Council decided to write to the CNR and see if they could get action.

Blue Chip Restoration Co. offered an estimate of \$3,987 to restore the brick on the municipal building. Council will meet to discuss the contract clauses.
