

## Airforce Doctor is New Halton Medical Officer

Dr. H. B. Hay, 51, who retired from an illustrious career in the Royal Canadian Air Force in 1953 has replaced Dr. A. F. Bull as Medical Officer of Health for Halton County. Dr. Bull resigned earlier this year to accept a position with the Federal Dept. of Health.

Born in Edmunston, New Brunswick, Dr. Hay attended McGill University and left school in 1929 to begin what developed into a remarkable career with the RCAF. He earned a Distinguished Service Order, a Distinguished Flying Cross and Bar and Canadian Decoration while in the air force. Following the war, he requested and was granted a leave of absence from the RCAF to return to school.

On completion of his schooling, Dr. Hay returned to the force. While in the air force he was stationed in many places including Toronto, London, England, Lachine and Trenton. In 1945 Dr. Hay retired from the RCAF as Commanding Officer at the Institute of Aviation Medicine. Among his long impressive list of degrees, Dr. Hay is a Certified Specialist in Aviation Medicine, he holds his Master's Degree, his Bachelor of Science and Master of Public Health. He retired from the force ranked as Group Captain in 1963.

Later in 1955 he served as a Medical Administrative Consultant to the Dept. of Health in New Brunswick. He was stationed in Fredericton.

In September of 1966 he moved to Moncton to take a job as District Medical Health Officer for the Department of Public Health. This included coverage for 190,000 people.

He began his new duties in the Halton Health Unit Headquarters in Milton on Friday. He and his family are living on Williams Ave. in Milton.

As Director of Public Health Dr. Hay will be responsible for the health and prevention of illness in Halton County. In time he hopes to have a staff of 12 or 13 Sanitary Inspectors and 20 to 30 nurses as well as the regular clerical staff.
