the 14-13 age group, the J. I years. Whitelook Memorial Trubby. donated by Halton and Peel Trust and Savings Company. But competition was from the match's other three contestants, all registered the 14 to 21 group, with a slim before getting to full depth. point spread of 15 separating

of the match.

\$20 Prize John Breckon took the \$20! the opening split. prize as top senior with points. The \$15 second prize 3rd with 114. As the only jun- month after August. or Harley Pickering won the \$20 in his division.

The match was divided into know their equipment. two classes. On the first piece of land the boys were allowed to handle the furrows, to and to tuck in any uncovered won one since," Hostrawser grass.

They were also allowed help Just the depth of their plow and tell them when to kick it or move it. Roy May was coached by his father Lloyd, Larry Picket by his father Vern, Joha Brecken by Tom Howden and Harley Pickering by Len Lister.

On a second piece of land was staged the 'utility class' in which the boys were not allowed to touch the grounds with hard foot, or stale, and could get help from the coaches only in placing their stakes at the beginning.

Scratching was allowed both classes. Scoring was the basis of 15 for the crown. 15 for straightness, 20 for covering, 25 for firmness and evenness, five for ins and outs and 20 for the finish, making a total of 100 for each class.

Judged Match

Hostrawser is a top plower ion. Contestants were required the Stanley May farm, Ecroby, himself, having won the Onta-

> before the match, Hostrawser advised that for dry soil of the type they would be facing, not to get in too deep at the in start, but to go 2 or 3 rounds

Hostrawser said that although the four plewers at the end scratching was allowed for Saturday's match, all internation al competitions are now using

"We've got to get our Ontario boys doing the opening split," went to Roy May with 117 and he said, "but it's hard to get Larry Picket took the \$10 for them plowing even one day

"They're so busy at school they don't get a chance to

"Canada won the first world match, which was held here in Cobourg in 1953, but we've only!

He placed a major share of the blame on manufacturers. "Our plows were the best 'n the world 13 or 14 years ago," he said, "but now you would be! hard pressed to find a new plow on a farm here that was not bought out of the country."

"The plows made in countries fike Sweden and Norway are made for hydraulic systems, and have much better controls. Canadian plows are still using the same bottoms they used on wheel plows, and these bottoms just don't draw to the ground the way the new plows

As an example of the superiority of foreign technology Hostrawser cited the Kvernelands plow being used by Roy May for Saturday's match. "That's a top piece of equipment, and I'm anxious to see how it performs today," he said.

Saturday's match was organi-Judge for the match was Mr. zed by Halton County's three
