

Norval School History Reviewed for Institute

Norval Women's Institute met at the home of Mrs. Harold Collins on Thursday evening Oct. 5th with Mrs. Joe Murray in the chair.

Following the opening exercises the roll call was answered with 'How we could come to know Canada better.'

Mrs. Keith Webb, Public Relations convener, was in charge of the program and gave the motto 'A Nation Cannot Rise Above the Level of Its Homes.' She introduced the guest speaker Mrs. Webb of Campbellville, District President of the WI who spoke on Public Relations. Mrs. Webb urged members to 'blow your own horn' as many in the community are not aware of the work carried on by the WI.

Mrs. E. McLean read a copy of the history of Norval Public School that she had prepared and was sealed in the cairn at the school. Mrs. Webb reported that 100 tulip bulbs were to be planted at the cairn.

Mrs. H. Collins reported that 10 girls were taking the 4H Club project 'Sleepware.'

Mrs. Don Murray and Mrs. Patterson assisted the hostess in serving lunch.

executive appointed — president, Fred Inzy; vice president Steve Brown; secretary, Lou Ferri; treasurer Ann Doane.

Get well wishes are extended to Mrs. Russell Foster who is a patient in Georgetown & District Memorial Hospital.

The Couples Club of Norval United Church enjoyed an evening of euchre at the home of Mr. and Mrs. Ken Reid in Thursday evening October 5th. Mr. and Mrs. Wayne Smeltzer were in charge of the evening. At the start of the game each player was given a bag of prizes and at the finish each loser had to exchange a good prize with his winning partner for a poor prize. This was followed by a game where the ladies bid a sum of money on the man she wished to have lunch with but she only saw a leg or an arm of the man when she was bidding so there were many surprised lunch partners.

Mrs. Paul Johnson gave the devotional for the evening and in the business it was decided to have an executive meeting to plan further activities.

The Young People of Norval and Huttonville United Church held their first fall get-together on Saturday evening September 30 with a winner roast. It was to be held outdoors at the home of Miss Brenda Laidlaw but was rained out. It did not dampen the spirits of the young people however, as they got permission to hold the winner roast in the basement of Norval Church. This was appreciated by many of the parents as they felt that the young folk would have gone elsewhere for entertainment if the church had not opened its doors for them to enjoy an evening of fun. Fun and games were enjoyed and an

The Norval 4-H Homemakers Club met on Tuesday evening October 3rd at the home of Mrs. Bob May for their first meeting. Leaders are Mrs. May and Mrs. Harold Collins. The project for this fall is 'Sleepware.'

At this meeting officers were elected—president, Debbie May; vice president, Gwen Webb; secretary, Kathy Hyatt; treasurer, Susan May; press reporter, Beth Laidlaw; lunch convener, Heather Hyatt. Other girls present were Beth Castle and Kathy May. Girls over 12 interested in the 4-H activities can get further information from the leaders.

COMFI INTERIORS MANAGER

NEWEST FACE in Georgetown's downtown commercial area belongs to Frank J. Roesser, managing the Comfi Interiors store in the Sidmac Building at the corner of Main and James Streets. Mr. Roesser, was with the Comfi Interiors staff at Brampton before being appointed local manager. Comfi stores were established by Walter Bosh who opened his first store in Brampton three years ago.

Wants Facilities For Public Speaking

125 Metcalfe Ct., Georgetown, Ont. October 6, 1967

Dear Sir: Are there any facilities — clubs, organizations in Georgetown where adults could participate in or receive training in public speaking?

Possibly you could publish this letter in your paper and enable interested people to increase their ability in this type of communication.

Yours very truly,
— H. METCALFE

Says Downtown Power Block Controls Town

97 Sargent Rd., Georgetown, Ont. October 6, 1967

I wish I could believe that Mr. Speight is sincere in his plea for the filling of the Ward II council seat. After the Dominion Seed House joke, a stunt to divert attention away from the movement of getting rid of the former police chief, I can only see political strategy at work again.

The logical contender for this vacancy is John Hole, a resident of Ward II, a crusader for the peasants of this town, and definitely not a supporter of the selfish desires of the downtown power block that controls all of Georgetown.

At this time, John and all supporters of the NDP, are vitally interested in obtaining better representation for Halton East at Queen's Park.

With the hopes of effective opposition spending their time elsewhere, don't be surprised that within the next two weeks a person will be appointed to this vacancy who supports the interests of the downtown minority group.

Your truly,
—ALBERT PORTER

Resident Rebutts Claim Town is Old Fashioned

25 John St. W., October 9, 1967

I've never been a booster of Georgetown and will probably remain so but I think a letter by Mrs. Finch last week deserves a rebuttal.

She claims that Georgetown is old fashioned, but this word is merely a convenient generalization which, without a valid substantiation means little. It is also unfair to a town that, in the recent past, has made great strides in the way of industry, population, education and the like.

I might also mention that her comments about St. Alban's in England have a suspicious ring of nostalgia for 'the old home town' which may make her look at the facts not altogether objectively.

It seems to be an unfortunate fact of life that people are quick to criticize to the total exclusion of any good points. It also appears to me to be a little presumptuous to offer one's opinion on faults and remedies after so brief a stay. She tends to forget (a common fault among 'people') that money is needed to make improvements anywhere and such finances don't materialize automatically.

On her criticism of litter, however, Mrs. Finch scores a hit. It can also be said though that this is a common fault throughout the affluent society of North America. This, of course is no justification of it and, in all truth, it does appear that the litterbugs of Georgetown must rank among the worst.

Yours truly,
Harry Vandervoort.
