

## Ferro Provides Structural Steel for Aircoil Plant

It's not every business that has a client as close as their back yard but that's the way it is at Ferro Structural Steel on Armstrong Avenue where they are doing all the steel work on the large Baltimore Aircoil building.

Baltimore Aircoil is on Todd Rd. at Sheppard almost adjoining Ferro.

## Meets Air Force Chums at Montreal Squadron Reunion

Last week Mr. and Mrs. John Hunter motored to Montreal to attend the 435-436 India-Burma Squadron Reunion held along with the RCAF Association annual convention at the Champlain Hotel. As well as attending convention activities they enjoyed visiting Expo. Saturday was Air Force Day and John marched with the Air Force at Place de National at Expo. They returned on Sunday as far as Kingston and home early on Monday to avoid the traffic.

At a ministerial meeting recently it was decided to set special Sundays for everyone to visit the local churches so this Sunday Oct. 15 it is "Open House" in Union Presbyterian and Glen United and St. John's United from 2 p.m. to 4 p.m. Everyone is cordially invited. Here in the Glen the church has been renovated as a Centennial project. It will be of special interest to former members who have moved away.

His many friends in the village will be pleased to know that Wes Brennan is home after six weeks in Sunnybrook Hospital.

The October meeting of the United Church Women was held last Wednesday evening at the home of Mrs. Alf Spence. Mrs. Una Wheeler opened the meeting and the roll call was answered by a Thanksgiving verse. Mrs. Fred Engleby had a Thanksgiving theme for the devotional and hymn. "Now thank thee all our God" was sung. Business included final plans for the Rummage Sale on Saturday and the bazaar for Nov. 5th. Christmas cards were on display and orders will be taken for the Church building fund. From any members and proceeds request for clothing was received from the downtown clothing centre in Toronto. A bale will be packed for them. The meeting closed with hymn and prayer by Mrs. Engleby. A dinner lunch was served by the hosts.

Relatives gathered at the North farm for Thanksgiving dinner. They included Mrs. May Wagstaffe, Mr. and Mrs. Ian Wagstaffe, Mr. and Mrs. Paul Wagstaffe, Mitchell and Her, Mr. and Mrs. Herb Press, Brian and Susan, Mrs. Ross Mrs. Brett and Diane, Mr. and Mrs. Klaus Schneider, Brampton and Mrs. Keith Spiegelberg, Toronto, Barbara Barth Brampton, Mr. and Mrs. Ken Beam, Lake, Martin and Michael ofindsay. Unable to attend were Mr. and Mrs. David Diggins, Hampton and Mr. and Mrs. Graham Barnes and Mr. Ross Les, Glen Williams.

The United Church was very beautifully decorated for the Thanksgiving service on Sunday by the girls of the CGIT Pup.

The building which will be one of the largest in Georgetown's Industrial Park, when completed will include some 200 tons of structural steel. Work on the Baltimore Aircoil steel started a month ago at Ferro and at writing time ninety per cent of the frame is in the erection stage.

Cranes from Montreal are en route and will arrive to place the heavy roof sections next week.

Below, Ferro welders work on some of the roof steel inside the Ferro plant.

## Plax Canada Limited Moves to Burlington

### Husband was Music Critic for Telegram

A summer resident of Georgetown for many years, Mrs. Daisy M. Wodson 87, died last week at the Victoria Nursing Home Toronto.

Mrs. Wodson and her husband Edward, an organist and music critic for the Toronto Telegram for many years, made many friends in town during their summers here. They used to spend summer months at the home of the late Mr. and Mrs. Frank Pollock on Dufferin St. and later at the Mrs. William Bradley residence on Main St. South.

Mrs. Wodson leaves one daughter, Mrs. Elaine Seale, now an Anglican deaconess in London, England and a former English stage actress.

Funeral service took place on Friday in the chapel of St. James the Less in the city.

Mr. D. S. Chant, President of Plax Canada Limited, announces the relocation of the company's plant and operations to Burlington. Presently in Georgetown, Ontario, Plax Canada Limited, is one of this country's leading specialists in the design and production of plastic bottles. "The physical limitations of our Georgetown facilities," said Mr. Chant, do not allow us the necessary potential for corporate growth and expansion. We are currently studying a plan for packaging diversification which we are anxious to implement in the very near future. "Our move," Mr. Chant concluded, "is motivated by two factors. A desire to increase both the quality and the scope of the services we offer to our customers." The new Plax Canada Limited Plant is expected to be fully operational by late 1968.
