

MRS. A. L. WARD, 8 Hale Dr., Chairman of the UNICEF campaign in town has Mayor Joseph Gibbons as her first customer for UNICEF Christmas cards. The cards went on sale last week at the Y office in the Cedarvale building which is doubling as UNICEF headquarters. A UNICEF brochure says an order of five boxes of cards provides enough money for vaccine to protect 240 children against tuberculosis; ten boxes will stock three village fish ponds for local supply of veluable proteins; fifteen boxes will provide enough drugs to treat 12. leprosy cases for three years; five boxes will furnish 188 cakes of soap for a mother-and-child health centre; and twenty boxes will make available garden tool kits for the nutritional programs of three schools

> The groom's aunt and uncle, Mr. and Mrs. Bert Carney of Norval were host and hostess to the aunts, uncles and cousins of the Carney family at a buflet dinner in the couple's honor Sunday, October 29th, They were assisted by their family in entertaining the 43 guests who were present from Arthur, Elmvale, Queensville, Rockwood, Georgetown, Chellenham

and Norval. Following the dinner, Edna was assisted in opening her many miscellaneous gifts by the groom's sisters, Mary Lynn and Heather Hyatt and by Dorcen and Thelina Carney.

Extra Blood Donors Among Residents

Believing that many new residents in the east and west subdivisions will be interested, the Red Cross is conducting a canvass for new blood donors next Monday evening.

Members of Youth-In, Candystripers, Rangers and other or ganizations have volunteered to call at new homes with the Red Cross story that night.

Why be a blood donor?

Because - through voluntary donors, Red Cross supplies frée blood to patients in any Canadian hospital. Blood cannot be manufactured, it must come from people.

Because - you and your family may be the very ones who benefit from this free service if you need it.

Because — adequate supplies can only be maintained if one unit of blood is collected every 15 seconds, every working day in Canada.

Because -- there is no discomfort to you, everything is under professional supervision. You give only one-twentieth of average body content. This is: replaced within 24 hours.

Because - it only takes 30' minutes of your time from start: to finish, actual giving of your' blood takes only 4 or 5 minutes. Because - only you can give,

the gift of life. Be a bloud donor at the next clinic at Holy Cross Church' auditorium, Monday, December

Dense Fog Yesterday

At press time Georgetown police reported no motor vehicle accidents within town limits as thur Clark read the minutes of the result of a dense fog which. the previous thankoffering meeblanketed the area yesterday. However two collisions were in-The devotional on the theme vestigated here Friday, one during the noon hour and the other at midnight.

The first occurred at the Georgeview Plaza and resulted in an injury to a motorcyclist, Steve Ewing of Weber Drive. Police said the motorpike collided with a late model car operated by Raymond Addy of Glen Williams, Police estimated

Ewing was treated for a badly bruised right leg.

At midnight, a car operated by Eric Oliver Edie of R. R. 2. Mrs. Tom Metice and Mrs Georgetown, and another driven Craig McClure took up the col- by Thomas K. Gould of Norval lection and Mrs. J.M.
