

Finian's Rainbow Opens 3 Performance Run Tonight

Tonight (Thursday) Globe Productions presentation of Finian's Rainbow will open its 3 day run at Central Peel Composite School in Brampton.

It made its debut on Broadway in 1947, starring Ella Logan in the role played now by Milree Armstrong. Having successfully toured the country it is now being made into a movie with Petula Clark, Fred Astaire and Don Franks.

Finian is recreated in Globe Production's version by Ron Hill Og, the leprechaun by Eric Wallace, and Woody, the hero by

Des Nicholls and the mute dancer Susan who talks with her feet, by June Gosling.

The music is familiar to everyone with tunes like "Glocca Morra," "Old Devil Moon," "This Isn't Love" and "When I'm not near the girl I love. I love the girl I'm near" originating in this show.

Directing the music and the large chorus, is Ralph Ursel, director is Brian Wareing and stage manager Anne Currie.

The show takes a satirical swipe at the racial situation in the mythical state of Mississippi.

at the Irish, and at the American way of advertising.

By turning a white supremacy senator into a negro, it shows with humour, how the laws he himself helped enact restrict him. The filibustering senator is played by Howard Wilson. He finally joins a group of gospel singers, played by Ross Norton, Ron Hunt, and Dave Fone, who render the unforgettable "Begar".

All proceeds will be given to the Brampton Lions for their work in the community. This year they are sponsoring Globe Productions.

POPPING OUT OF A WELL to the delight of onlookers is Leprechaun Eric Wallace. Joyce Van Leeuwen, Jean Currie, Edna Ferguson, Denise Ursel and Edna Turnbull are the surprised Mississippi sharecroppers.

Blow Safe, Steal Cash at Cotton Brothers, Brampton

Nitro-glycerin was used last weekend to blow open the safe at Cotton Bros., Brampton store. An unknown amount of money was stolen from the clothing store, owner Jack Cotton said. "The safe was blown to smithereens" Mr. Cotton said. Coats had been used to muffle the blast, he said, but he couldn't imagine how the explosion went unnoticed.

Cotton and Brampton police had no idea how or when the store was entered, he said. It hadn't been broken into, he was certain. He speculated that, whoever had robbed his store, had remained in it Saturday after closing. "But how did he get out again?" Cotton wondered.

The robbery could have occurred anytime from Saturday night to Monday morning, he noted, when it was discovered.

Police told Mr. Cotton that this was the first instance of nitro-glycerin being used in a robbery in Brampton.
