

# Hunters Must Police Selves If Sport to Survive Here

Hunters need self-discipline to curb the unruly element in their ranks if the sport is to survive in the four southern Ontario counties in Haldon, Peel, York and Ontario.

"We must find methods to discipline those among us who are rude and offensive," said W. B. Woods, president of the Toronto Anglers' and Hunters' Association.

### Central Region

Woods told a policy meeting of the Central Ontario Regional Development Council most hunters love the land they go over and the animals they see.

But had hunters receive most publicity, he added, and if hunting is prohibited in the four-county region, public opinion would force other counties to follow suit.

The meeting drew 150 hunters, naturalists, private landowners and a few farmers to Aurora Community Centre to debate the question: "Should we establish a hunting policy in the region?"

### New Committee

With two dissenting votes, delegates agreed to set up a five-member committee for that purpose, composed of representatives from O.R.D.C., Ontario Dept. of Lands and Forests, Ontario Federation of Agriculture, Ontario Federation of Naturalists, and Ontario Federation of Anglers and Hunters.

### Hunter Drop

"There are 13,800,000 hunters and 11,200,000 naturalists," Woodford said. "Hunters have dropped one million in the past year.

Dr. C. H. D. Clarke, head of the Fish and Wildlife Division of the provincial Dept. of Lands and Forests, said his department is trying to make Ontario a sanctuary for all wild-life species "with a few exceptions."

### Two Steers

Leonard Laventure, chairman of the Ontario Federation of Agriculture, said as a farmer he lost two steers to hunters five years ago, while two calves were stolen at night, and 100 head of cattle wandered off near a highway when a gate was left open.

"Something must be done to police undesirable hunters," he said. "They're the same type who would wreck your auditorium if they could get away with it."

For the first time in several years, a three-day deer hunt was held in Haldon County this November. With the mild winters of the past few years, and the fact that no hunts had been held recently, there was a record kill.

In the first period Georgetown was having the same trouble they had with Acton (Tuesday night). Having 80 per cent of the play but not being able to score.

Brad Edgar opened the scoring in the second period from Craig Fleming to start the team on its way. Rod Beaumont scored a pair of goals with assists to Ted Kowley and Rick Becker on Rod's second goal.

Barry James finished the scoring in the 3rd period with assist to Gary McFadyen.

## Well Balanced Attack Novices Defeat Acton

Georgetown's well-balanced attack proved too much for Acton last Tuesday November 28, as they took a 6-1 win in Novice hockey.

The Bliss Eagles dominated this one from the moment the puck was dropped. At the 1:52 mark of the first period Dean Popiel scored, assisted by Andy Long and Kevin Reeks. Just five minutes later Kevin Reeks stole the puck from an Acton player and scored Georgetown's second goal, unassisted.

Four penalties were given in this game, three to Acton and one to the home team. The Bliss Novices play Oakville here on Tuesday December 5th at 7:00 p.m.

## All-Star Teams Split Games With Bramalea

Friday, December 1st the All-Star team from the Junior A and All-Star team from the American League played against Bramalea. For teams who never had a practice or played together they came up with good games and it was good to see quite a number of fans turn out.

In the Junior A game Bramalea scored the first goal at the 3 minute mark of the 1st period and Georgetown tied the score at 1:50 mark of the 2nd period. Each team missed a number of chances but the goal keepers of each team came up with a number of good saves. In the 3rd period Bramalea made it 2 to 1 at the 4:50 mark and Georgetown got the pressure on and scored but the referee disallowed the goal as they claimed it never went across the goal line. Final score Bramalea 2, Georgetown 1.

In the Pee Wee (American League) game Georgetown outplayed Bramalea and won the game 2 to 1. Georgetown never had a practice before the game and came up with a number of good plays. Georgetown came up with two quick goals in the first period. Devises from Anderson and Gregory from Crawford. Bramalea scoring was by Ricks from Landry. If these games are any indication what these two teams can do after a few practices they would give the teams a good run in the 4-town tournament on March 9th in Acton.

Saturday, December 2nd fans were again treated to some fine hockey and some of the top teams were almost taken by surprise, as a number of the teams that are down in the standings came up with some great efforts but time ran out.

The Junior A teams still seem to be the drawing attraction for the fans. These young players go all out to win and are a treat to watch. There are a few coaches who have to be checked every now and then about giving each player equal ice time.

The American League has the best balanced teams it has had for a few seasons. The teams are showing much improvement and before the season finishes there could be a few upsets.

In the NHL it looks as if there is one team to beat and word from other coaches is wait until the playoffs. In this league coaches really get down to serious business and it is great to see the losing coach carry the coffee and donuts to the coach for the winner.

The Senior teams who play on Tuesdays are showing a great deal of improvement and there are a number of fans turning out to see these games.
