Group Medical Services Insurance with OMSIP.

From the first of January 1968,

the Ontario Medical Services Insurance Plan will accept applications for Group Insurance coverage.

You will find several advantages in this new provision:—

COLLECTOR AND **EMPLOYMENT GROUPS:**

RAYES:

Nowgroupcoverageisavailable to small groups too. OMSIP will offer group insurance to small groups-minimum size 6 persons. Since other plans have in many cases required a minimum of at least 20 persons to obtain group coverage the new OMSIP plan will widen the availability of medical insurance to many small groups, as well as large.

SMALL GROUPS:

An-innovation offered by OMSIP group coverage is its availability to groups with some common bond other than employment. For instance, members of a business or profes-Isional association might form a group in order to take advantage of more convenient medical insurance coverage. Employment groups, those made up of people at a common place of employment, are of course also eligible.

The same low OMSIP rates will be available to groups as they are to individuals;
