

IGA Sponsors Centennial Tour for Northern Students

Thirty-five Indian students from the Yukon and Northern B.C. territories will be on a "see-Canada" tour in October because a food company believes that in Canada's centennial year Canadian business should give more consideration to the first Canadians.

The students, aged 14 to 18, were flown from Whitehorse to Vancouver on October 10, and then set out on a three-week "see-Canada" journey with stops in Vancouver, Edmonton, Winnipeg, Toronto, Ottawa, Montreal and Halifax.

Their sponsor was the Independent Grocers Alliance including franchised members: H. Y. Louis Company Limited, Vancouver; Horne & Pitfield Foods Ltd., Edmonton; The Codville Company Limited, Winnipeg;

Oshawa Wholesale Ltd., Toronto; Shop & Save (1967) Ltd., Montreal; Bolands Limited, Halifax. The program was conducted in co-operation with the Department and the Canadian Centennial Commission.

The project was undertaken, according to Bruce H. Codville, president of the Codville Company Ltd., IGA supplier in Manitoba and Saskatchewan, because "in the excitement of celebrating our first 100 years as a nation, most Canadians have tended to overlook the original occupants of the country."

"In fact, since most Indians live far from the major centres of population, it is too easy to forget about their existence altogether, and that Indian youth is perhaps Canada's greatest untapped resource," he said.

Too often we think of people in stereotypes," he continued. "The new generation of Indians no longer can or should be stereotyped. Through focusing attention on this bright group of high schoolers from the Northwest, we hope that Canadian business and industry will be reminded that in thinking of Canadian people in terms of employment opportunities the Canadian Indian should not be forgotten."

"Moreover," he added, "we hope participation in this kind of a centennial project will leave an indelible mark on the young people taking part — one that won't be forgotten after centennial year has passed."

The students spent three and a half days at Expo, toured the pavilions at Halifax, an air-

force station in Ottawa, a ranch in Manitoba, oil wells near Edmonton, TV studios, a newspaper office, department stores, planetarium, university, the Mint, National Museum, historical centres and many other points of interest including Niagara Falls. A highlight of the trip was a tour of Parliament Hill and a private meeting with the prime minister and minister of Indian affairs and northern development.

They saw an NHL game at Montreal Forum and visited with the Toronto Maple Leafs at a Toronto hockey practice. In several cities, meetings with teenagers were arranged, both for social and discussion purposes.

Mr. Codville said, "the program was designed to give the

students full opportunity to meet a broad cross-section of Canadian people including the various ethnic groups which now make up our citizenry as well as to eat the different kinds of food that these groups have introduced to Canada.

"We want them to get to know Canada, every kind of Canadian, what makes him tick, what he likes and what he does and of course, vice versa," he said.

The 35 students — 19 boys and 16 girls — were selected on the basis of leadership qualities and scholastic ability by supervisors of the two hostels in which they live while attending Whitehorse High School.

DAPPYNIATION
Political Campaign: A matter of mud, throat and smears.

BALLINAPAD
Answer Roll Call with 25-Year-Old Pictures

Mrs. D. Brown was hostess for the January meeting of the W. I. with the president, Mrs. F. Smith, in the chair. Roll Call was answered by bringing a clipping of a picture of a local event of at least 25 years ago. This proved to be most interesting and caused some reminiscences.

Mrs. R. E. Kirkwood convened for Current Events, was in charge of the programme. Motion picture — Consider the turtle, he doesn't make progress until he sticks his neck out — was presented by Mrs. J. McEnery, and Current Events by Mrs. L. Jamieson. Mrs. Kirkwood concluded with a quiz on Canadian history.

During the business period

Carbon Monoxide
Be alert to the dangers of carbon monoxide poisoning. It is a threat wherever fuel burning appliances are used. Carbon monoxide, invisible and kills because it cuts off the oxygen supply from the tissues of the body.

Congratulations to Mr. and Mrs. Cameron McKeay, who recently celebrated their golden wedding anniversary.

— Mrs. Margaret Jamieson
