

Newcomers Lonely, Teapot Club Can Solve Problem

Vague rumblings of discontent and loneliness among the new residents of Moore Park area prompted Cliff Sykes and Ed Bown to form "The Teapot Club," and to advertise it as a social club.

Once the ad appeared the vague rumblings became distinct statements with comments such as "We just can't seem to meet a soul, and we're climbing

the walls with nothing to do."

Originally the club was meant as a Moore Park Club, but with phone calls from the other new areas showing loneliness was prevalent, they now hope to attract new, (and old) residents from all over town.

Tentative plans call for dances, card parties, sleigh rides, winter roasts—anything that sounds like fun.

The teapot insignia was chosen as a symbol of welcome and friendship. "We hope the club will provide the push which will integrate the people into the community," explained Ed Bown.

Any enquiries about the club can be answered at 877-5381 or 877-6048.

CLIFF SYKES SKETCHES INSIGNIA while partner Ed Bown holds the teapot, their symbol of welcome.

Extend Existing Library Popular Choice of Readers

One hundred and three library members have now registered their views on the proposals for a new library.

The most popular first choice was to extend the existing library, supported by 80 members; 38 voted for a new library with the existing library to be used as a branch, and one for a library in the next High School addition. Second choices were 27 for the extension of the existing library, 24 for the new library and 4 for the High School addition.

One person registered strong objection to the extension of the library, nine to building a new library and 25 to the library in the High School addition.

Library members who have not yet registered their opinions are invited to do so as soon as possible.

NO HELP WITH ESCARPMENT IS DISAPPOINTMENT

One of the "biggest disappointments" of the year for Halton Region Conservation Authority chairman Barry Humphrey has been the province of Ontario's failure to outline any specific proposals for the preservation of the Niagara Escarpment in the north Halton area.

The authority as far back as December '66 presented a brief to the Ontario government calling for "increased aid" in the preservation of the Niagara Escarpment. In the early part of last year, the government did announce that it would be a matter of government policy to preserve the entire ridge from Niagara to Tobermory—the tip of the Bruce Peninsula separating Georgian Bay from Lake Huron.

But there has still been no concrete program announced by the province to show how the government will ensure any preservation—although the Halton authority expects that the government will increase grants to area conservation authorities to purchase additional land.

He added: "Whether the committee is ready to submit a brief court yesterday when, if depend on whether the committee has secured a copy of the report by this time will determine whether the committee's attempt to get status quo again or a man on a trial information from other charges of operating an unsafe vehicle has been successful." McWilliams considered Harley is hoping that the report will be made before Justice Minister Trudeau's omnibus to reform the Criminal Code to come up for Commons' discussion on a charge of failing to produce a driver's license.

"These DND licences are a constitutional problem," he said again.

Queries Legality of DND Driving Licences

Crown attorney Peter McWilliams is not happy. His committee is ready to submit a brief to the court yesterday when, if depend on whether the committee has secured a copy of the report by this time will determine whether the committee's attempt to get status quo again or a man on a trial information from other charges of operating an unsafe vehicle has been successful." McWilliams considered

Harley is hoping that the report will be made before Justice Minister Trudeau's omnibus to reform the Criminal Code to come up for Commons' discussion on a charge of failing to produce a driver's license.

"These DND licences are a constitutional problem," he said again.

The Federal government has issued an injunction to licence people to drive on Ontario highways." commented that abortions being abortions for social reasons.

During the past few days Harley has heard representations for and against the legalization of abortion.

Harley has said his committee is not necessarily working for the inclusion of a clause allowing abortions for social reasons.

Harley Says Abortion Talks End This Month

Halton's MP Dr Harry Harley is not happy. His committee is ready to submit a brief to the court yesterday when, if depend on whether the committee has secured a copy of the report by this time will determine whether the committee's attempt to get status quo again or a man on a trial information from other charges of operating an unsafe vehicle has been successful." McWilliams considered

BONANZA BUSINESS FOR ONTARIO

Ontario's flag will fly over the provincial flag on Ontario Day in Los Angeles. The minister headed an economic mission to the sunshine state where Ontario

Government and business leaders discussed investment possibilities in Canada with California businessmen.

Confesses Stealing TV Sets from Store

A 23 year old man confessed Tuesday to stealing six TV sets from a Georgetown TV store in February of 1967.

Magistrate Kenneth M. Langdon remanded him in custody until February 16 to await a pre-sentence report.

The man also confessed to breaking into Milton high school in 1963, and six break-ins between December 1966 and August 1967 which netted him goods valued at \$8,800.

"He is attempting to make a new life and clean up all past offenses," a detective told Magistrate Langdon.

Town Veterinarian Attends Convention

Dr. and Mrs. Bob Gaskin attended the 94th Annual Meeting of the Ontario Veterinary Association which was held at the Holiday Inn, Hamilton, Ontario, from January 28 to 31, 1968.

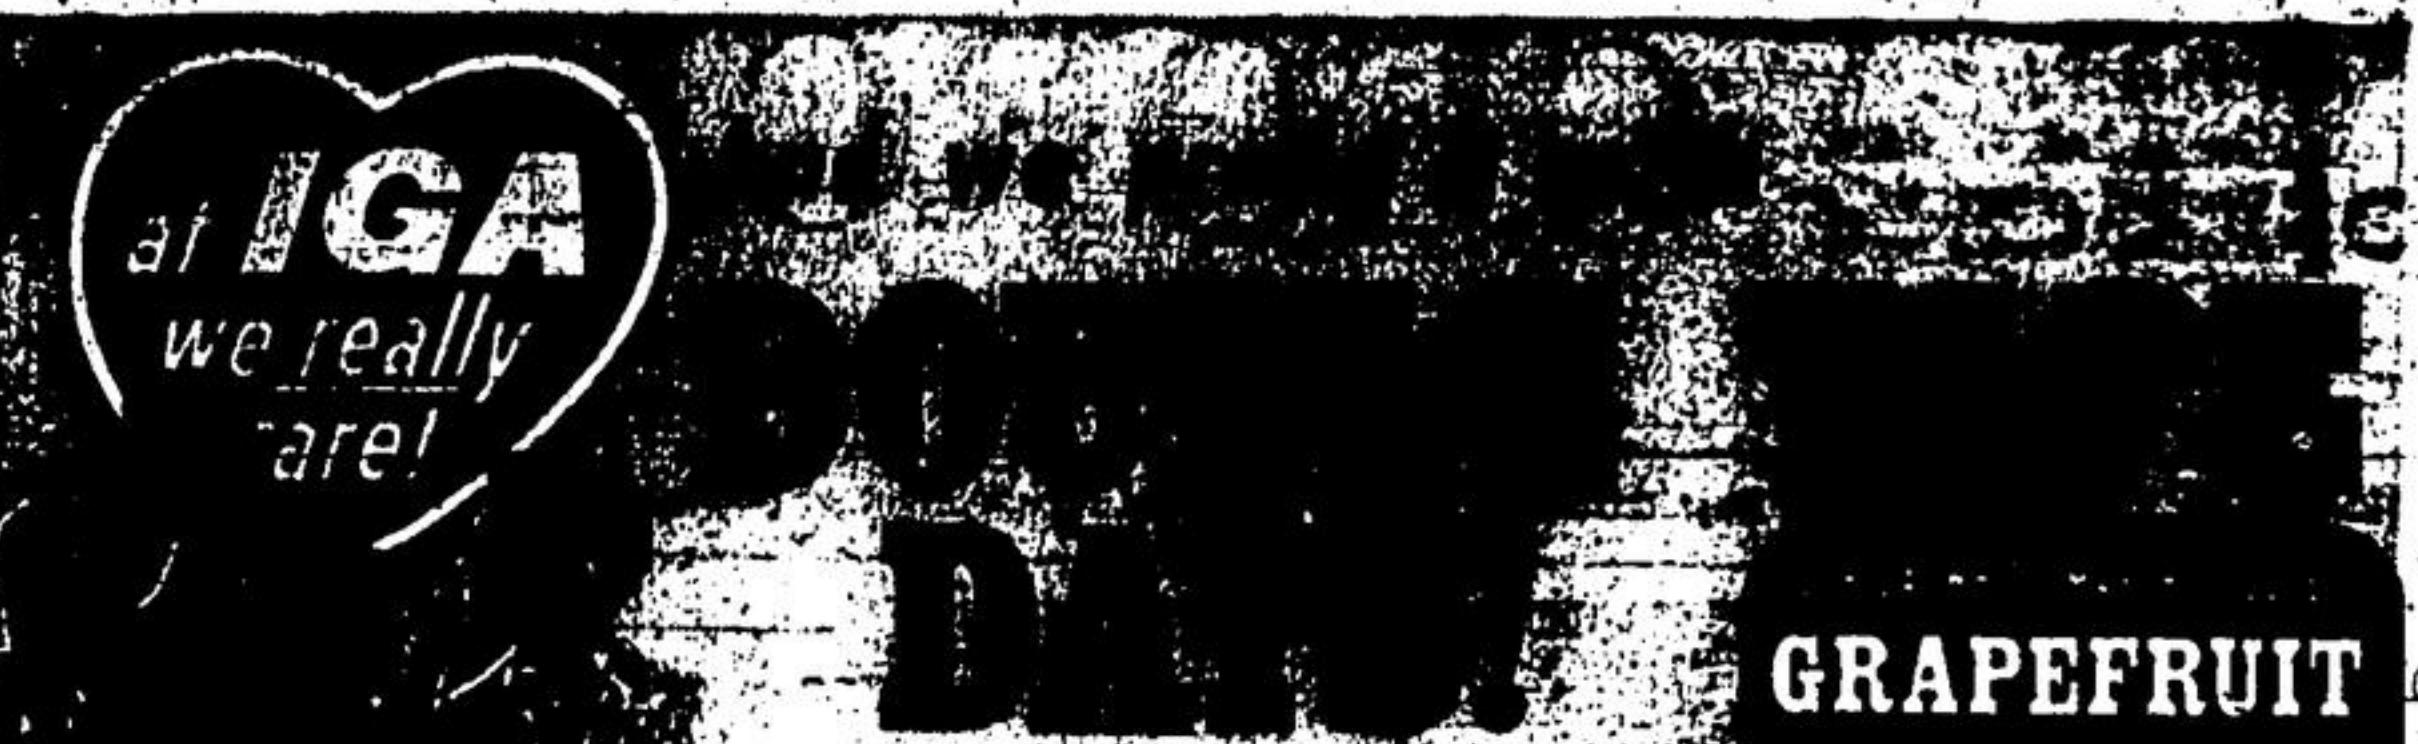

During the four day meeting over 50 scientific papers were presented. These covered all aspects of veterinary medicine and included small and large animal medicine and surgery. Research, public health, industrial veterinary medicine, as well as the regulatory functions of the profession directed by the Health of Animals Branch, Canada Dept. of Agriculture, encompassing meat inspection, and infectious diseases and animal import control.

A new and additional feature this year was the introduction of the "Intimate Seminars" held on Sunday, January 28th. Five full day seminars dealing with small animals medicine and surgery were held and included the following topics — general surgery, cardiology, respiratory physiology, radiology, ophthalmology and dermatology. Each seminar provided an opportunity for 15 veterinarians to participate all day with one of 5 well known and highly qualified veterinarians.

Three one hour seminars dealing with large animal medicine were also held. The seminar topics were: Equine Lameness, Herd Health Programming and Clinical Pathology.

This annual meeting attracts over 500 veterinarians and their wives from Ontario as well as the rest of Canada and the U.S.

Some of the featured speakers at this year's meeting included: Dr. W. R. Cockrill, Animal Production and Health Division, Food and Agricultural Organization of the United Nations; Dr. Cockrill spoke on "World Protein Hunger and the Veterinarian." Dr. R. R.
