night, February 16th.

Farmers Win Voice At County Committee Sessions

Over the violent objection of Reeve H. H. Hinton of Actor motion to have a representative of the Halton Federation of Agriculture attend all future meetings of the Agricultural Committee of Halton County was passed at County council last week. Only Reeve Hinton opposed.

Reeve Hinton claimed that asking members of organizations to county committee meetings as representatives was beyond the scope of county council members, and has never been done Deputy-reeve Oakes of Acton pointed out that the representative would be an advisor, with no vote and no pay.

Reeve W. Coulter of Nassagaweya felt that the Halton Ag riculture Representative Henry Stanley had too much to do to attend committee meetings. "Agriculture is one of the most vital industries in the county, and we would be well-advised to have an advisor from the Federation.

"The farmers need all the help they can get," opined Reove George Currie of Esquesing. "We could do with advice."

WINTER WORK ADVANTAGES

Merry School to honour Mr. and

ing. The first part of the even-

ing was spent playing cards

with the prizes going to the fol-

lowing winners, Mrs. Amy Mer-

ry, Mrs. Bob Crawford, Bertrant

People stand to gain when they have renovation and-repair jobs done in the winter. Tradesmen are on hand, and so can be quickly on the job, and the extra care and time skilled workmen can devote to a task during slack months gives the plant or office official, or the householder, more for his money. He is also likely to find there are fewer delays in the delivery of materials, and in the case of an addition to a home or business premises there is the likelihood of earlier occupancy.
