

ONE SWEET TRIP

LLOYD McENERY, R. T. Limehouse, doesn't operate his sugarbush as a commercial business venture, but his trees do produce enough maple syrup to cover the pancakes of his family and friends for the rest of the year. The maple syrup operation also attracts curious little school pupils. This Glen Williams kindergarten class of Mrs. Catherine Newman visited the McENERY sugarbush recently to watch the maple sap being captured by the bucketful, taken to the sugarshack and there boiled down into syrup. Above, one of the visiting party samples the sap at one of the trees. The two and six year olds later tried it partly processed and finally as maple syrup. Just to show Mr. McENERY his syrup isn't all that's sweet in the world they wrote him a letter the next day which concluded 'we love you.'

KINDERGARTEN PUPILS AND THEIR TEACHER Mrs. Catherine Newman crowd into a sugarshack where sap is boiled into maple syrup.

NORVAL

Stay in Native Village Made Leeward Trip Unique

Norval Women's Institute met at the home of Mrs. Lawrence May on Thursday evening, April 4th with Mrs. Joe Murray in the chair.

The roll call was answered with the payment of fees with two new members joining.

The treasurer's report was given by Mrs. W. Graham followed by the convener reports. They indicated that the bank balance was down but a busy active year had been enjoyed with the main project being the Centennial earn at the school.

The nominating committee reported few changes from the previous year in the slate of officers with Mrs. Joe Murray, as president; Mrs. Graydon Chesler, vice president; and Mrs. W. Graham, secretary treasurer.

Mrs. L. May gave an interesting talk on their recent trip to Las Vegas, Hoover Dam, Grand Canyon Phoenix and Tucson, Arizona. She said the gambling goes on all through the night, and they will co-operate in keeping the earth and the sand, hotels to be brought in, the city being in the middle of the des-

ert. Then she gave a few high lights of Bob and Beth May's trip to the Leeward Islands in the West Indies. They stayed in a village with natives of the island quite near a girls school which was attended by 400 girls. There was one teacher in the school with 6 assistants. The children were transported to the school in large trucks. They sat in long rows on low benches and had very little to work with not even pencils. Pictures taken on both trips were enjoyed.

Mrs. Donna Murray gave a report of the District Directors meeting held recently.

The hostess was assisted in serving lunch by Mrs. Gordon Casely and Mrs. Lorne Cleave.

Young teen age boys have been riding their bicycles on the skating rink at the school. A large plastic sheet is under the sand to keep the water from seeping away when it is flooded and the bicycles are cutting holes in the plastic sheet which president; Mrs. Graydon Ches-

A lot of hard work and money went into building this rink by volunteers and the children enjoyed skating on it this past winter. Perhaps all that is needed is to advise the boys of the danger they cause with their bikes and they will co-operate in keeping the rink in shape for another season of safe skating for the children.

Congratulations to Marilyn McDonald and Joan Phillips who were married in Norval Presbyterian Church on Friday evening April 5th.
