### Council Queries Rent Jump, Metro Building

Councillors were stunned Tuesday when they were informed in a letter from the town solicitor that the rent for part of the Metro Halton building is \$4,000 yearly, rather than the \$3,300 contained in the lease.

The town shifted its engineering offices to the building recently as a temporary solution to overcrowding in the downtown municipal office.

"Our lease calls for \$3,300. I certainly won't pay any more," said Mayor Gibbons. "If they don't want us they can give us two months' notice."

Other council members expressed similar surprise.

The town solicitor will be contacted to seek further details.
