Toyota Crown achieves the impossible.

The new Crown achieves a standard of safety and luxury they said couldn't be done under \$4000. Crown does it for \$3280.

Take Crown's safety features. Energy absorbing perimeter frame, power disc brakes, collapsible steering column, impact absorbing steering wheel, padded dash, tinted safety glass and seat belts.

And luxury. Crown comes with fully reclining deep padded vinyl bucket seats, deep pile carpets and arm rests front and rear.

You also get a high performance overhead cam, hemi-head six and four on the floor. All for that same \$3280.

Automatic is an available option. Crown's only other optional extra... a radio.
