

State Farm Agent Attends Convention in Montreal

Mr. and Mrs. George E. Drum, 32 Langstone Cres., are shown May 20 at the Queen Elizabeth Hotel in Montreal, Que., Canada, where they attended a three-day convention for outstanding State Farm Insurance Agents.

In a series of meetings and panel discussions, more than

Korea Study Topic For Union Women

The regular monthly meeting of Union Presbyterian Church WMS was held at the home of Mrs. Art VonZuben on Wednesday afternoon June 5. Mrs. Fraser Macdonald and Mrs. C.G. Bishop were assistant hostesses for the desert luncheon.

Mrs. Clarence Anderson was in the chair and opened the meeting with a poem "My Purpose."

Mrs. Owens Macdonald read the scripture lesson followed with prayer by Mrs. Joe Eason.

Mrs. Leslie Young gave a report of the Brampton Presbyterian meeting she had attended recently. Each WMS group were requested to supply a box of good used winter clothing for

the hale to be packed on September 16.

The roll call was answered by naming a church worker. Mrs. Lee Campbell gave the dedicatory prayer following the collection.

Mrs. Art McKane was assisted in giving the chapter from the study book on "The Koreans in Japan" by Mrs. Owens Macdonald. The meeting was closed with prayer by Mrs. Leslie Young. The next meeting date has been changed to Tuesday, July 2 in place of the regular day of Wednesday as the Strawberry Social is planned for the same week.

Women Grand Lodge Officers for True Blues

Several members of the local Loyal True Blue Lodge Hallon's Pride No. 393, attended the 7th annual sessions of the Right Worshipful Provincial Lodge of Ontario, in Collingwood, on June 4, 5 and 6.

Mrs. Alex Bullock, Mrs. Florence Little, Mrs. Joan Gambell, Mrs. Jessie Shortill, Mrs. Hazel Preston and Mrs. Daisy Harris attended the entire session, while Mrs. Dorothy Carter, Mrs. Margaret Hillier and Mrs. Annie Bingham attended one day.

Mrs. Shortill was elected in the office of R. W. Provincial Grand Secretary and Mrs. Little appointed as R.W. Associate Grand Treasurer.

OTTAWA DENIES

(Continued from Page 1)

pressed surprise at the McWilliams' statements and denied the accuracy of them.

"The president indicated to me that there would likely be some action on the part of the company to set the record straight. He said that Avian had been very pleased at the assistance and co-operation it has received from the department and from the government generally in the development of the aircraft," Mr. McLeish stated.

He pointed out that the federal Department of Industry had spent something like three-quarters of a million dollars under its industrial grants program in assisting the development.

The government spokesman said that provisional approval of the aircraft has been granted so that the company could use it for testing and demonstration purposes. But there were still two or three problems that had to be cleared up before certification could be granted for use of the plane in public service.

The company had expressed confidence in its ability to overcome these problems and Mr. McLeish said he was also confident that the problems could be licked and when they were, certification would be forthcoming from the government.

He pointed out that the company has had an agonizing history in developing the Tyro plane and said that no other similar type of plane has been certified for public use anywhere in the world. The company started on a shoestring with very limited financing and facilities but it has had capable engineers. At one time 30 people were employed but Avian is now down to five people.

Avian no longer employs its own test pilot and must wait until it can hire the services of a test pilot who is normally employed at DeLaval Aircraft.

The most difficult problem still to be cleared up relates to the rotor blade but the company is confident that it can solve this. If it is solved, together with one or two other items then the Tyro will get its certification and clearance from the Department of Transport and be able to go into production for commercial sale.

The department said it must be very careful in granting certification for all aircraft and particularly for a unique type such as the one Avian is developing. Metal fatigue was one of the major problems encountered and the National Research Council in Ottawa performed the testing for the company in this area.

The modern materials the company first attempted to use presented manufacturing problems and they had to revert to more conventional materials and

this set them back about two years.

"Some people may feel that our requirements are too strict but experience teaches us that thorough testing is required for all types of aircraft," a department spokesman said. "But the company has told us they have been happy with the co-operation they have received from the department and the government and they were surprised as we were by the statements of Mr. McWilliams as they have no

idea of the source of his information."

Mr. McWilliams told The Herald he expected Avian officials would deny certification had been unnecessarily held up by the Dept. of Transport. "It is only natural they won't want to antagonize D.O.T. when they finally have certification within their grasp," he said.

June is Dairy Month

TO THE PARENTS AND STUDENTS OF GEORGETOWN DISTRICT HIGH SCHOOL

SUMMER SCHOOL — 1968

ANY STUDENT WISHING TO ATTEND SUMMER SCHOOL MUST PICK UP AN APPLICATION FORM AUTHORIZING ATTENDANCE AT SUMMER SCHOOL FROM THE GUIDANCE DEPARTMENT AT GEORGETOWN DISTRICT HIGH SCHOOL

Grades 9 to 12:

Central Peel District High School Board is continuing summer school this year at the Centennial Secondary School in Brampton. The purpose of this summer school is to offer additional assistance to students who wish to improve their grades. There are three areas in which they are offering courses.

A. An enrichment course. The purpose of this course is for students who have done well in school but are not able to take the courses offered in their own program. This is an excellent opportunity for students in these fields.

B. Improvement courses are being offered to students who have been promoted but are low in one or two subjects. The students will find difficulty in taking these subjects next year, and are strongly advised to take these at summer school. This would give a firm background to start fresh in September, and the marks earned will be used to revise the student's promotion marks.

C. Make-up courses are offered for those students who are below promotion standard in one or more subjects. This is an opportunity to save a full year in the student's educational life. Marks from these courses will be counted towards raising the student's promotion standard.

The Central Peel District High School Board has set this school up for the sole purpose of helping the students. As a result, they have only hired above-average teachers, and in most cases, department heads, to teach in this program.

I am very pleased to say that Central Peel District High School Board has again invited Georgetown District High School to participate in this program and we have gladly accepted. The summer school will be from July 2 to August 9 inclusive. Examinations will be held at the end. The marks will be returned to this high school and we will inform the students of the results.

Our students attending the summer school must take two, and only two, subjects, and the fee for this course will be \$35, payable to the Central Peel District High School Board on the day of registration at Central Peel District High School. Registration will take place at Central Peel District High School, Kennedy Road and Highway No. 7, Brampton, on June 26, 27 and 28. The student MUST have a letter from the Principal.

Students recommended to take Improvement or Make-up courses will be notified by mail. Students wishing Enrichment courses, or feel that they should take Improvement or Make-up courses, but not notified before receiving their report card, should contact the Guidance Department.

The Georgetown District High School Board is offering free transportation to help the students. There will be a bus leaving the high school at 9 o'clock on June 27 to take students to Central Peel for registration, and will return as soon as the students are registered. Anyone wishing to register after that will have to find his own transportation to Central Peel.

The regular classes will be from 9 a.m. to 12:20 p.m. each day. Each class will be of 90 minutes duration, and will consist of 45 minutes of instruction,

followed by 45 minutes of supervised study. The bus will leave every morning from the Georgetown District High School at 8:30, and will leave Central Peel District High School at 12:30 each day, and return the students to the high school.

I am confident that the parents and students will recognize the value of this summer school and will cooperate in taking the maximum advantage of this offer.

The following are the courses in the three programs offered.

I. Section A: Enrichment — Two subjects required per student.

The following courses will be offered to students who have successfully completed the year's work with better than average standing. The courses are offered for the purpose of adding educational opportunities not available in the student's regular school course, and for the extension of interests in a particular subject area.

- | | |
|--------------------------------|-------------------------------|
| 1. Typing | 6. Art |
| 2. Key Punch Operator | 7. Conversational French |
| 3. Drafting | 8. Russian Cultural Studies |
| 4. Electricity and Electronics | 9. Physical Geography |
| 5. Machine Shop | 10. Reading Improvement |
| | 11. Introduction to Shorthand |

II. Section B: Improvement — Two subjects required per student.

The following courses will be offered to students who have been promoted, but who had low marks in one or two subjects. The summer course provides an opportunity for these students to improve their background and to gain confidence in the subjects. Examinations will be held at the end of the summer school.

COURSES OFFERED — 5 YEAR AND 4 YEAR

- Grade 9 — English, History, Geography, Mathematics, Science, French, Typing 1.
 - Grade 10 — English, History, Geography, Mathematics, Science, French, Latin, Bookkeeping 1, Shorthand 1.
 - Grade 11 — English, History, Mathematics, Geography, Physics, Latin, French.
 - Grade 12 — English, History, Mathematics, Chemistry, French, Latin, Geography, Economics.
- (Credits towards a diploma will be given for these subjects.)

III. Section C — Make-up: Two subjects required per student. 4 and 5 year courses offered.

The following courses are offered to students who have failed in not more than three subjects of the year's work and whose mark in each of the subjects failed is 40 or more, and whose average on all subjects is not less than 50%.

- Grade 9 — English, History, Geography, Mathematics, Science, French, Typing 1.
- Grade 10 — English, History, Geography, Mathematics, Science, French, Latin, Bookkeeping 1, Shorthand 1.

Grade 11 — English, History, Geography, Mathematics, Physics, Latin, French.

Grade 12 — English, History, Economics, Mathematics, Chemistry, French, Latin, Geography.

Grade 13:

Courses in Grade 13 subjects will be offered by Mississauga, Burlington, and Hamilton Boards. All three boards have agreed to accept our Grade 13 students. There will be NO transportation provided for these courses.

A Grade 13 student may only attend summer school if the subjects he is taking were taken this year but failed, and if the subjects will qualify him for a Secondary School Honour Graduation Diploma (7 credits).

All students must arrange for summer school at the Guidance Department at Georgetown District High School before going to summer school.

MISSISSAUGA — will offer English, History, Geography, Mathematics A, Mathematics B, Physics, Chemistry, Biology, French, Latin.

— registration is June 27 at Port Credit Secondary School from 1-4 p.m. and 7-9 p.m., and June 28 from 9 a.m. to 3 p.m.

— registration forms to be obtained at Georgetown District High School before registration.

— fees \$30 per student plus \$12 registration fee. Maximum of 2 credits per student.

— school to operate from July 2 to August 9 from 8:30 a.m. to 12:30 p.m. daily.

BURLINGTON — will offer English, History, Mathematics A, English, Chemistry, Biology, French.

— registration at Georgetown High School.

— fees \$30 per subject, a maximum of 2 subjects per student.

— school to operate from July 3 to August 9 from 9 a.m. to 12 noon at Nelson High School.

HAMILTON — will offer English, Mathematics A, Mathematics B, Physics, Chemistry, Biology, History, Geography, French, Latin, German.

— registration at Georgetown District High School.

— fees \$30 per subject plus \$2 registration fee. Maximum of 2 subjects per student.

— school will operate at Hamilton Collegiate Institute in the morning from July 15 to August 23.

Any student who wishes to alter his program is requested to contact the Guidance Department immediately.
