winter or summer - and they've done it with natural gas. From the clean, fresh air you breathe, to the goodies on your dinneg, table, natural gas behind the scenes is quietly contributing to your comfort. In fact, the things that gas is doing at the Windsor Raceway can be as exciting to a honfe-owner as the race

Look at the blg Grandstand windows: Natural gas keeps the big 6,000 seat grandstand warmed with clean, filtered fresh air. The windows put it to the test; they stay clean and dry whatever the weather, because the gas heating system doesn't allow sont or frost build-up. No condensation can take place-because gas-heated warm

air literally "scrubs" it off!
