

500 IN HIGH SCHOOL SUMMER CLASSES

EMPHASIS WAS PLACED ON CURRENT AFFAIRS in this history class conducted by Joseph Hunt. Newspaper items and group discussion made valuable contributions to the course. In all more than 500 area high school students were enrolled in the 70 classes. Many upped low grades earned during the regular school term into passing grades by giving up five mornings a week while the summer school operated. The school's principal was Donald G. Lawson of R. R. 1, Georgetown, a Science department head, and Georgetown High School Board member.

The Hornby Men's Softball tournament held on Saturday, August 10th was a real success, due to the fine weather. The final game was won by Knob Hill with Mount Albert taking the loss. Hornby took their loss in the first game when Zephyr took the victory by a 1-0 win. —Mrs. Jim Hamilton

Four Get Honours At Sheridan College

Four students from Georgetown achieved honours in their first year course at Sheridan College of Applied Arts and Technology. A. Whitman received the Archdeacon W. P. Robertson prize in English. Honour standing was awarded to John Hamilton in the business administration course, and to Betty Jane Suchan and David Cox in commercial art and design. The Brampton institute is one of a number of community colleges established last year by the Ontario Dept. of Education.

Regional Group 'Hamstrung' Can Advise, But Can Not Act

Most of the representatives on the committee setting up Halton's new regional school boards are frustrated because the committee is "hamstrung" and lacks power to act on its own findings.

"I think most of them (the members) feel that way," Burlington's director of education, W. J. Singleton said. He is not a member of the committee, which was appointed earlier this year, but attends the monthly meetings.

Mrs. F. W. Johnson Was Active Member Of Women's Council

A Georgetown resident since 1948, Mrs. F. W. Johnson, 81, died suddenly at her home, 10 Edith St. on August 2nd.

The former Mrs. Audrey Pearson, she was born in Acton, a daughter of Mr. and Mrs. Justice Pearson. She attended Toronto Normal School, then taught in Acton for a few years before going west. In Calgary she met her future husband, and she and Mr. Johnson were married in London England, during World War I.

They lived in Montreal and for many years in Halifax, and after his retirement they moved to Georgetown. Mr. Johnson died in 1940.

She took an active part in the Local Council of Women and as a member of Unit B of the United Church Women at Saint John's United Church.

She leaves a daughter Mrs. W. (Patricia) Stapley of Winter Park, Florida, and two grandchildren, Susan Stapley of Winder Park and Mrs. John (Patricia) Benton, Greenville, South Carolina.

Funeral service at the Harold C. McClure Funeral Home was conducted by Rev. Kelvin Johnson and interment was in Greenwood Cemetery. Pallbearers were Harold Hutchinson, Robert Thompson, Robert Burns, George Inglis, Graham Farnell and James Goodlet.

Several Months
The committee has held regular meetings for several months and at each has been presented with progress reports from one of the eight sub-committees engaged in gathering statistics.

Spokesmen for the policy sub-committee have tabled reports. Some of the boards have written policies and others don't. The policy sub-committee is charged with sorting these out and arranging them in a way that will be useful as a reference for the new board when it draws up its own policies.

ISOC was also presented with a list of priorities which policy committee feels are essential for the board to handle as soon as it swings into operation.

The first policy the new board will set concerns salary guides and recruitment of staff.

The committee's two major enemies, he warned, are the deadline and a total lack of authority.

Sharing some of Singleton's opinions is ISOC chairman Fred Armitage, also from Burlington. But Armitage emphasized the fact-finding function of the committee and said it has two main roles to play. They involve identifying problems and priorities and bringing them out into the open for the new board to rule on.

New Board
"It would be wrong for us to make any recommendations," said Armitage, "because we here are not representative of the new board."

He agreed that the committee has its problems but noted, "it's the only group of experienced trustees that exists in the county at this time that can fulfill the purposes laid down by the Dept. of Education"

BELL LINES

by Arnold Blachford your telephone manager

Look what an important month August has been. Columbus sailed from Spain in August, 1492. Talking motion pictures were shown for the first time in New York City in August, 1928. The first message by Atlantic cable was sent in August, 1858. World War II began in August, 1914. The Red Cross was established at Geneva, Switzerland, in August, 1864. The world's first Long Distance telephone call was made August 10th, 1876 between Brantford and Paris, Ontario.

August 18 this year sees the introduction of Econo-Pak service which offers a package of Long Distance calling to individual line residence customers. This new service provides 60 minutes of Long Distance calls a month from your telephone to any number of points that you might wish to call within your home province provided that they are serviced by Bell Canada dial telephones. Charge for the total 60 minutes is only \$10. Econo-Pak service rates are available between 12 noon and 8 p.m. any day in the week. For full details just call your Business Office at 877-2202.

My "spies" are at work again and word they are sent. In back from visits to Man and His World in Montreal glow with enthusiasm. It's Expo without the jostling crowds but all the sparkle and world-in-miniature interest of last year. Top of the more eye-catching buildings have changed character inside this year. The former British Pavilion, now topped by a gigantic flag of Montreal, features the Musée Beffroy and has become a meeting place for music lovers. The other section of the building has become Cars of Yesterday where exhibits pay tribute to the pioneers of the automobile. The 20-story geodesic bubble which last year housed the American exhibit has been transformed into a fascinating aviary and garden area — really, an exotic indoor park. Some 800 birds of 150 different species are housed in enormous cages. In fact, in one section, v. A. Hoer walk into a tropical garden to be greeted by flamingoes, parrots, toucan birds with their huge beaks, and dozens of other brilliantly "colored" birds from tropical lands.

Several new exhibits are fascinating visitors this year. The Junior Pavilion gives a fun-filled look at the lighter side of life. Dolls representing people from the five continents and the way they dress provide a lesson in history and is a veritable museum of man in the Mirror of Man Pavilion. The Telephone Pavilion now has two sections. Canada 67 brings back the thrilling Walt Disney Circle-Vision 360 film. The other section of the building is now Montreal 326 and recalls the 326th anniversary of the city of Montreal.

Poland and Ireland are two new participants in Man and His World. And for those who wish to relive Expo 67 there is a memorial pavilion where the great moments are re-membered. A collection of flags of the participating countries, costumes worn by the hostesses of the various nation pavilions, slides, photos, reports and newspaper clippings are all there. Again this year Man and His World seems to be the place to visit for a comfortable, quick voyage around the world.
