We Feature the Famous **OLD MASTER LINE** of Antiquing Finishes

Anything that can be painted can be changed to take on the appearance of rich wood grain, of age-old antique or beautiful marble. The process is so simple a child could do it. Yet the realism you can achieve with OLD MASTERS will amaze and delight you. The grand part about achieving these effects is that you don't have to remove the old finish.

Antiquing is a SNAP with Old Masters
