

Spruce Up Georgetown Streets With Town's New 'Whiskmobile'

New brooms so the saying goes, sweep clean, and Ernie Corbett of Georgetown's works staff might add — so do big brooms, ten of them on the cutter side which gets the most of the wear and tear.

"It was even a little dusty some of the older curbed streets, but that was because of sand which had built up during winter road maintenance," said Ernie. "Now that we're making regular runs over all of the curbed streets it's working beautifully."

The sweeper, which became a 'must' for the works department because of the growing number of curbed subdivision roads plus the town's permanent roads program in the established sections of town, won't be seen on some curbed streets until next spring when the sealer layer of pavement is added.

For the time being the streets getting attention for the swirling brooms are Guelph, downtown Main and side streets George, and the ten streets reconstructed this year, Campbell Gate, Roxway, King, Sarah, Orchard, Parkview, Joseph, Elizabeth, Hewson and Ewing. But the number will increase by leaps and bounds annually as the reconstruction program progresses and subdivision streets get their top coats.

HORNBY

Hornby Midgets Win Baseball Semi-Finals

Congratulations to the Hornby Midgets who won the semi-finals in the Ontario playoffs last week when they defeated their opponents from Springvale in two consecutive games. Bob Robson continued with his usual superb pitching. The first game was held in Springvale on Tuesday night when Hornby won by a score of 13-4 with the second game on Friday night with a score of 24-4.

Miss Margaret Oliphant is spending a two-week vacation in the Barbados.

Dinner guests with Mr. and Mrs. Joe Shea and family on Thursday evening were, Mrs. Lillian Hamilton of Milton and the Misses Isabelle and Anne Stout of Guelph.

Friends of Rev. Keith Hawkes will be pleased to hear he was able to return home last Tuesday from the Oakville-Trasfalgar Memorial Hospital.

Mrs. Elsie Bloor of Brampton is visiting at the home of Mr. and Mrs. Arthur Plant. Congratulations are extended to Mrs. Bloor on winning second prize on her stole at the Canadian National Exhibition in the Handicrafts of the hospital category of Peet Manor.

Mr. and Mrs. Joe Shea were guests at the wedding of Mr. and Mrs. Jack Elzersma (nee Lynne Robertson) on Saturday, August 24, in St. Paul's United Church, Milton.

Birthday greetings are extended to Roy Bradley on August 29, to Mrs. Doug Leslie on August 30, Anne Bradley on August 31, Mrs. Sammy Sammit, Alfred Bridgen, Gregory Hill and Frank Hall on September 1 and Ricky Rutledge on September 2.

What is M.S.? Find Out Says Halton M.S. Group

Part of the aim and one of the biggest jobs of the Halton County Branch of the Multiple Sclerosis Society is telling people what MS is.

The society was started in Halton County in 1966 and since then has been fighting a losing battle against rising costs. Membership for the first years has been small but dedicated, and funds were very low. The fledgling organization was plagued with illness of its executive and a lack of active members.

From a small, concerned nucleus of 25 active members under the direction of Mrs. V. Planck, the new president, they hope to start going somewhere again. An all out membership drive is planned for the fall.

Fourth Baby Buffalo At Rattlesnake Point

Population figures are really on the move at the Rattlesnake Point conservation area these days.

Halton Region Conservation Authority wildlife technician Frank Timmerman reports the fourth baby buffalo a male, was born last week; and one of the elk has had an offspring for close to two months.

Since the mother hid the young elk, it was not discovered until recently.

This will be the last addition to the compound by birth until next year, Mr. Timmerman reported.

There are, however, other ways of becoming part of the Rattlesnake beast community.

A small white-tailed deer recently vaulted over the fence into the 70-acre compound and is getting acquainted with his new neighbourhood.

MS, out of approximately 40 in the county, belong to the MS society. They make up telephone committees and attend social functions.

They supplied equipment which ordinary people wouldn't be able to afford, like lifts for hobbling crippled patients, wheel chairs and ramps to facilitate travel by wheelchairs.

The need for money is important says Mrs. Planck but the Halton Society's immediate concern is alleviating the discomfort and frustration which the MS patient feels.

A series of monthly social meetings had been started to involve MS patients with others. Swimming is good therapy for MS sufferers and a number of pool parties have been held through the summer.

"While swimming is the only time a person in a wheel chair has complete independence," said Mrs. Planck, a young mother and physiotherapist. She said she became interested in MS through a patient.

The Halton branch also had visiting committees which drop in on MS patients.

\$10. from Magistrate. Quashes Vagrancy

Georgetown Magistrate Kenneth Langdon came to the assistance of a native of Ireland who was unable to pay his \$1.05 restaurant bill and was charged with vagrancy by police Monday.

The man of no fixed address, said he wanted to return to Ireland and did not particularly want to go back to the United States, his home for the past 21 years. He said he was unable to travel because he had no money.

Magistrate Langdon dipped into the pocket of his robe and handed the man a \$10 bill.

"Now you're no longer a vagrant," and dismissed the case.

"Thank you, your honour," said the accused as he left the dock a free man.

NOTE: OPENING DAY ONLY — TRANSPORTATION CHANGES

1. Regular pick-up in a.m. for all Grades Nine and Ten students.

2. Buses will start to pick up Grade 11, 12 and 13 students at 12 o'clock on each of the above routes.

GRADES NINE AND TEN STUDENTS AT NINE A.M.

GRADES ELEVEN, TWELVE AND THIRTEEN STUDENTS AT 1.00 P.M.

Students will go directly to the classroom assigned to them according to the lists posted in the entrance foyer for Grades 9 and 11 and on the Gym corridor wall for Grades 10, 12 and 13. Students not on these lists will report to the library.

All Grade Nine, Ten, Eleven and Twelve Text Books will be provided by the High School Board. A STUDENT LOSING OR DAMAGING ANY OF THESE BOOKS WILL BE ASSESSED FOR THIS LOSS OR DAMAGE. Students owing the school for books damaged or lost during the past school year must pay for these before registering. All books provided will be collected after the examinations next June, or when a student leaves this school. To protect these books from loss, lockers will be assigned to each student by the teacher in charge of the classroom. Combination locks will be on sale in the girls' gym at \$1.25 each for those students requiring them.

Students contemplating a change in their programme are asked to contact Mr. Prouse at the school. (877-6966.)

This year it will again be necessary to run three lunch periods. The first lunch period will be from 11.25 to 12.10, second lunch period from 12.10 to 12.55 and the third lunch period from 12.55 to 1.40. Approximately one third of the classes will go to lunch at a time, and the remaining two thirds will remain in class. This means that regular classes will be going on all day. The school will finish regular classes at 3.10 and the buses will leave at 3.45. The lunch period for an individual class may vary from day to day depending on the timetable.

This year we will again use the Six Day Cycle. This means it will take six days to complete the 42 periods rather than the five days as previous. The timetable will show Day 1, Day 2, etc. to Day 6. These days will not conform to the week days but will vary from week to week. This is an advantage in that the periods will be longer, each period being 45 minutes long, but there will only be seven teaching periods a day, so that the total teaching time will be the same as before.
