

KEITH BENNETT, GAIL PRIES MARRIED IN ST. GEORGES

SET FOR LARGEST CROWD

EXPECT RECORD ATTENDANCE AS CRAFTS INTEREST BUILDS

If enthusiasm means anything, Saturday, (Oct. 10th) will see the Arts and Crafts annual exhibit the biggest yet, when it takes place annually at the Riviera, Norval. At least such were the sentiments of the committee in charge of arrangements when they met last week to finalize details.

This year the group has expanded their plans to accommodate an even larger crowd than last year's record one.

The Craft and Program conveners both announced that a large number of exhibitors would be shown, as well as a number of guest artists present, of very high calibre. Among the guest artists will be experts demonstrating Clay Sculpture, Candle Making, Cabochon Cutting, Egg Shell Decorations and the Arts & Crafts members will exhibit Batik Work, Silver, Paintings, and Bubble Glass. There will also be a weaving demonstration and last year's exceptional exhibit of Feather Flowers will be repeated. There will be a display and demonstration of Spinning and Spinning Wheels.

The Craft convenor said that there would be exhibits by the members of the following: Enamelling on Copper; Ceramics; Leather Jewellery; Pottery; Creative Leather; Weaving, Laundry and Leather and Stuffed Toys.

The Social Convenor has arranged to have hot brunch served in the morning and Afternoon tea, which has become an anticipated attraction to the members and guests alike.

The Advertising and publicity convenor explained the advertising arrangements and said that next week the show will receive considerable radio and television publicity, as well as advertising in the Herald, in next week's issue, giving details of the exhibit. She stressed the hope that members would tell everyone that they are invited.

The meeting closed with tea being served.

WILL HOLD TETE-A-TETE WITH TEACHERS

Approval of proposed negotiations without consulting Halton's teachers would be 'sheer folly'. Interim School Organization Committee chairman Fred Armitage warned this week.

The committee, which is making preparations for the year-end amalgamation for the county's ten individual boards, was presented with a report on the procedures used throughout the country.

A special committee led by Armitage was formed to meet with representatives of the county's 2,800 elementary and secondary school teachers to discuss the ground rules for future negotiations.
