

BEST CREW IN WOMEN'S AIR RACE

A GEORGETOWN AREA WOMAN PILOT, Mrs. Barbara Brotherton of R.R. 1, Limehouse, (left), and her co-pilot, Mrs. Esme Williams of Islington didn't win, but they impressed the judges enough to earn the Best All Women's Crew trophy at the end of Michigan's 13th annual small aircraft race earlier this month. The round robin event of approximately 200 miles, started and ended at Ann Arbor and included a number of check points en route. The exact course is not revealed until each plane is impounded for the night before the race. The race may be entered by women pilots only, but they may fly solo or be accompanied by a male or female co-pilot or passenger. Mrs. Brotherton is the wife of Economy Farms, Georgetown plant manager Thomas W. Brotherton.

Says Industry Could Result From U.S. Trip

Two county councillors recently objected to Halton Warden William Hunter's Sept. 12 trip to Palm Springs, California, to accept an award for a film promoting Halton County.

Entitled 'Halton County - the Man and The Boy', the film won one of the two highest awards for a promotional production presented annually by the Information Film Producers of America.

Halton Warden County council was told Warden Hunter made the trip without its approval because the award presentation would have been over before it could meet to consider the matter. Warden Hunter was acting on the approval of the county finance committee.

Acton reeve Herb Hinton called the journey "waste of the taxpayers' money" and said the council agreed earlier this year not to send anyone out of the country on county business.

Hinton said the award is a credit to the county but that the IFPA is far removed from matters that concern Halton.

Film Producer He said film producer Robert J. Meyer of Dundas should have been the one to send a representative.

"The people of Acton don't appreciate this way of spending their money," Hinton said.

Agreeing the money shouldn't have been spent, Nazagaways Deputy Reeve W. A. Hoey said he did not agree, however, with Hinton's suggestion that the warden asked to be sent to Palm Springs.

Business Contact

"There has been no lobbying here," said Warden Hunter on his own behalf. While he was away on the trip he said he made other business contacts that helped justify the expense. He met with an unnamed industrialist who plans to move to Ontario next year.

"There will be a brochure going out to him in the mail very soon," said the warden.

He added that on a previous occasion Reeve Hinton voted in favor of his own trip to Europe.

Council agreed to accept the finance committee report approved the more than \$300 in travelling expenses. Hinton and Hoey are the only dissenters.

Optometrist Convened Toronto Rose Show

L. M. Brown, Georgetown optometrist who has just moved his office from Mill Street to an upstairs location in the Woodrex Building on Main St. north, was program chairman for the annual meeting and fall show of the Canadian Rose Society in Toronto recently.

The show, which was held in Edwards Gardens, Toronto, featured Robert Keith as guest speaker. Mr. Keith, who broadcasts Sunday mornings on the CBC as the Ontario & Quebec Gardener, showed slides of his own garden in Richmond Hill, discussed FI hybrids and gave many gardening tips to his audience.

Mr. Brown presented slides of the birth of a new rose which he'd obtained from Mailand Antibe, France, who is famous as the hybridizer of the Peace rose.
