'Y' Talk

by Jim Egerion

Oakville! When you hear this name what comes into your mind? The Blades in the Junior C hockey league — no, you think of drugs and kids.

Do you want this to happen to Georgetown? Do you want your kids toying with drugs?

Wake up, Georgetown. Let's not be stricken and hide our eyes, pretend it's not there. Let's not hear that sickening statement "we don't want a scandal." That's what you yearn from our society — why do they take drugs — how terrible. But what do we do about it? Nothing. Well, let's be different. Let's do something about it, nip it in the bud.

If you don't know by now, drugs are here in town. We have had one charge already by the RCMP. Do we want more? Talking to some of the kids downtown, kids who know, they say it will be a long, hard winter unless they have some place to go and something to do.

Do you know the fact about LSD, marijuana, speed? Do you want to find out how bad the drug scene is here in town?

Well, the YM-YWCA in cooperation with the Drug and Alcohol Research Foundation of Ontario will be presenting a drug forum, coming up in the new year. I urge you to come, teens and adults included. It promises to be a very interesting and informative evening. You will have more information as the weeks progress.

In conclusion I will remind you again of the fact that drugs are here in town and something must be done now. Maybe our new mayor and council will help to do something constructive in curbing this problem.

It's nice to have so many friends -
