The Sewing Circle of Hillcrest United Church met at the home of Mrs. Harold Reed on Wed., Jan. 8, for a full day of quilting. At noon eight ladies sat down to a delicious Pot-Luck Dinner and a social hour of visiting.

Because of the abundance of drifting snow which fell last week, several activities had to be cancelled in the community. Some of the local activities cancelled were the meeting of the Starlight Group of Hillcrest United Church, the Drumquill Air Rangers meeting and the Boyne Euche Party.

The North Trafalgar Euche Club held its weekly euche party on Saturday night, Jan. 11. There were eight tables of euche in play with the prizes going to the following winners: Mrs. Martha Richardson, Mrs. Jim Hamilton, Clara Wilson, Craig Jackson and Jim Hamilton. The lucky draws were won by Mrs. Olive Baine and Fred Workman. The next euche party will be on Saturday Jan. 18, at 8:30 p.m.

Mississauga's New Sewer

MISSISSAUGA — The Ontario Municipal Board has approved Mississauga's application to build a sanitary sewer on Lushes Avenue from Southdown Road to 180 feet west of the easterly end of the avenue and to borrow \$11,000, the estimated cost of the project.

Most of the ratepayers in the area supported the application. Evidence was that a drainage problem existed which affected the functioning of septic tanks, and that from a health standpoint the situation needed to be remedied without delay.

Engineering evidence was that this was the best way to service the area and that the benefit to the properties outweighed the cost.

One objector expressed the opinion that the project was a waste of money because of the probability of redevelopment, indicated by the fact that some owners had received offers to purchase from developers. Therefore the project should be deferred to let the developers pay the cost at a later date.

The objection does not appear reasonable in the light of the wishes of the majority who are equally as familiar with the area, the OMB ruled. The work should also provide a corresponding increase in the value of properties affected.
