Mrs. T.A. Dillon of the 10th Line accompanied by her sisters Mrs. B. Burrows of Toronto and Mrs. G.F. Says Pay Increases Mean Tax Rise Too

342 Delrex Blvd.

Dear Mr. Editor: It seems our brand new, still wet behind the ears, council have seen fit to reward themselves a great, giant raise in pay.

Now I know that taxes in Georgetown are extremely high and the cost of living is increasing constantly, but surely if these men were feeling the pinch they could have looked for odd jobs elsewhere, as many of us do, and left council work for dedicated men who were not in it for the money.

If only they had waited awhile and proved their worth it would not have seemed in such poor taste. However, all I can say now is that the service they are to offer Georgetown must surely be stupendous to rate such a salary.

We may be pleasantly surprised, we can only wait and see — and remember!

In the meantime, citizens of Georgetown, keep working hard and try to cut down on a few more essentials, for it looks as though while councillors' pay increases, so will your taxes. The days when we expected "nothing for nothing" are well past. They are beginning to charge for it now!

Yours truly,
Mrs. Gordon Milward.

• Rock Ella Generation Flashy, who held the all time milk production championship back in 1964 as a junior two year old 305 days (2x).

• Brampton Niad Acme, very good, a bull which was proven as gold and silver medal senior superior sire in Rock Ella herd in 1964.

• Rock Ella Diane's Director, excellent, a bull bred at Rock Ella that was proven a silver medal superior sire in the herd of D.J. Begg.

• Sporting Standard Star a foundation cow in the Rock Ella herd that produced six daughters, five of them excellent and has a tested dam rating of 0.6 - 11,995 - 5.53 per cent - 663.

Two bulls of their breeding are presently in service in artificial insemination units in Ontario, Rock Ella Kavola's Acme and Rock Ella Standing Beacon.

The past show year was another excellent example of how the Rock Ella herd does in the show ring. The father and son team proved that many years of hard work in breeding good livestock will eventually bring rewards. They showed the reserve senior grand champion at the CNE, Mervia's Climax Sandra, who was bred by Mr. Ella and the late Bert McGrath. The Ellas came second to the Premier Breeder of the show, and won first in the three year olds with Rock Ella Commando Beulah.

At the Peel-Halton Parish Show in Brampton in early September, the grand champion cow was Sandra and she also won a tough interbreed best udder class. The Ella herd took Premier Breeder award and placed in a three-way tie for Premier Exhibitor banner.
