

# Wins \$2500 Worth Of Toys

Every youngster's dream has come true for a Georgetown boy, Michael Peeters, 13 year old son of Mr. and Mrs. Matthew Peeters, 53 Roxway Dr. et al. They blew out all his birthday candles, or got the big half of a wishbone, because he has just won a Canada-wide contest in which the first prize was \$2,500 worth of toys.

The Mattel company, sponsors of the contest, will deliver the toys to the Peeters' home every five year period and will include any new toys they add to their line. The first shipment was made two weeks ago.

To win, entrant had to fill out the entry form which Mattel packs with their toys and drop it off at the store where the toy was bought. In Michael's case it was Delrex Smokes Shop in the Georgetown Market.

The prize includes every kind of toy made by Mattel.

Michael Peeters plunges into the first shipment of Mattel toys. He'll get \$2,500 worth.

# More Members, Full Houses Is Aim of Little Theatre

Georgetown Little Theatre is a non-professional group formed in 1960, ten seasons ago, and devoted to promoting the art and appreciation of live theatre.

Over the years they have offered a mixture of comedy, drama, melodrama — even Shakespeare — and earned an honourable mention and three Western Ontario Drama Festival awards — one for Pre-Festival Best Actress — two for Best Visual Presentation.

For the past year GLT has been a member of the Central Ontario Drama League. Each province is divided into regional drama leagues which, together, make up the national-wide organization of the Dominion Drama Festival. Once a year all the participating amateur theatres across Canada compete for top awards in the DDF.

To maintain a lively, active organization Georgetown Little Theatre is always looking for new members, and season's ticket holders to support their efforts.

A member has the right to vote at all meetings (held once a month) and to hold office. They receive the monthly newsletter, and reduced prices for any out of town functions are available to them. The members are the ones who "get the show on the road" by doing telephoning, posters, set design, construction, costumes, painting, lighting, sound effects, acting, directing, etc., etc. They also receive admission to all shows without further charge.

Season's ticket holders receive a pass for admission to all shows without further charge, reduced prices for any out-

of town events, and the monthly newsletter.

Georgetown Little Theatre patrons receive the same privileges as the season's ticket holders and, in addition, have their names printed in an honoured position in all programs.

A variety of comedies will be the fare this season.

With the support of the community, Georgetown Little Theatre hopes to continue growing and help increase the number of "live" theatre goers in Georgetown.

Now at special little prices—

It's that magic time of year — come in and save on Golden Autumn Cologne. Golden Autumn Spray Mist. Golden Autumn everything. Scoop up the whole precious lot. Right now. And be the most smell-able little girl in town. GOLDEN AUTUMN by Prince Matchabelli.

# Snow Officiates, Presents Architects Design Award

Eyes of the construction industry will focus on the Ontario Association of Architects headquarters building in Toronto on Friday, October 3, when James W. Snow, MPP for Halton East will present the Award of Excellence in the sixth annual Ontario Masons Relations Council Awards competition.

The Award of Excellence heads a list of presentations which will be made for clay masonry buildings of outstanding merit.

To qualify, they must have been erected in Ontario during the past four years.

Mr. Snow is one of the few men to bring to the Ontario legislature a background in both construction and farming.

Born in 1929 in Esqueving Township, this young parliamentarian received his education in Milton. After leaving high school, he assumed management of the family farm. Then, in 1949, at only 19 years of age, he started in the general contracting business by establishing Snow Construction Ltd. During the first two years of the company's operation it specialized primarily in house building. Since that time, Snow Construction has branched out into a wide range of industrial and commercial building as the construction of multiple high-rise residential apartment buildings.

Mr. Snow's activity in the construction business has not, however, blunted his interest in agriculture. Since 1959 he has operated a 500 acre beef farm and feed lot in Hornby, Ont. He has served as president of the Halton Beef Improvement Association and director of the Ontario Beef Improvement Association.

Mr. Snow entered politics two years ago, when he was nominated to run as the Progressive Conservative candidate in the new riding of Halton East. He was elected to the Ontario legislature on Oct. 17, 1967.

trump was made with an over-trick.

The point that I wish to make is — if you continue to bid this way you will give away information and sooner or later a hand will come up where you give away too much information.

The one no trump open bid is made on a balanced hand with 16-18 points. There are two points to note.

The first is 16-18 points and this is where too many players stop. The second is equally important — a balanced hand. This means no singleton or voids and usually no five card majors. Balanced hands are 4-3-3 distribution 4-4-3-2 and occasionally 5-3-3-2 distribution.

If your partner opens one no trump and you also have a balanced hand, the only problem is at what level to play the hand in no trump. Why even look for a suit, both hands are balanced, play it at no trump.

In today's hand the bidding should go — South — one no trump; North — three no trump.

Monday's winners at Acton bridge club — 1st, Jack and Gloria Coats; 2nd (tie) Mrs. Hampshire and Frank Mullin, Ivan Harris and Pat Jeffares.

Mr. Niejadlik pointed out to Council that there was a site set aside for a trailer park near the Cedar Springs motel on Hwy. 7 between Acton and Georgetown and asked that until such a park is developed, trailers be allowed to remain at the Breezes.

Mr. Niejadlik also explained that Mr. Wood's camp is completely surrounded by trees and that full time residents are separated from the trailer park. He added that services are already installed in the camp.

Council flatly refused a request by Mr. Wood that 10 trailers and their occupants be allowed to remain at the camp throughout the winter months at a previous meeting. A township by-law prohibits trailers except for tourists in the summer season.

# Esqueving Council Says Will Look at Campsite

Esqueving township council agreed Monday night to go out and have a first hand look at conditions at The Breezes tourist camp near Acton.

R. Niejadlik, a lawyer representing camp operator John Wood, asked council to consider allowing house trailers to remain at the camp year-round until such time as another trailer park is developed in the township.

# MOBILE HOMES HOMELESS

Chinguacousy: Mobile home parks near the intersection of Highways 7 and 10 were considered "premature and not in the public interest" when a proposal which would have put 107 house trailers on the property was shelved at a Chinguacousy council meeting last week.

Planning consultant Norman Pearson stressed the property in question is far more valuable as industrial land. "We've got to deal with the situation sometime" said Reeve Ed Blair. "A lot of people can't afford to buy houses or rent apartments."

# HON'BY NEWS

Local guests who attended the wedding of Mr. and Mrs. George Treanor on Saturday, September 27, in Trinity Anglican Church, Streetsville, were Mr. and Mrs. Arthur Plant, Bob Pell, Mr. and Mrs. Kerry Jepson, Mr. and Mrs. Garry Hamilton, Mr. and Mrs. Joe Mr. and Mrs. Jim Hamilton, Shea, Mr. and Mrs. Ronald Plant, Donald Shea and Mr. and Mrs. Jim Plant. Following the wedding they all attended the reception and dance at the Royal Canadian Legion, Streetsville. The young couple are spending their honeymoon in Florida.

Congratulation to Mr. and Mrs. Peter Sammit who were married on Saturday Oct. 4 at the Holy Rosary Church in Milton.

Mr. and Mrs. Kenneth South and family of Georgetown, were dinner guests on Sunday evening with Mr. and Mrs. Garry Hamilton.

Several of the local Young People met at Hillcrest United Church on Sunday, Oct. 5, for a session of fellowship, fun and supper together. All enjoyed a hayride happening.

— Mrs. Jim Hamilton

# LET'S PLAY BRIDGE

BY BILL COATS

Welcome back to another season of bridge. Now that the cooler weather is here, we can sit comfortably over our cards and get in some serious bridge.

I would like to apologize to all my readers for the late start on this column. Usually if "Let's Play Bridge" doesn't appear, it's because the paper didn't have room for it. But this time it's all my fault. I have been so busy that I just haven't had time to play bridge, let alone write about it. Now that the column is underway it should appear regularly until next June.

I played in a rubber bridge game the other night with a lot at stake — prestige — No. 1 committee of Acton council vs. No. 2 committee. After six rubbers it was all even in spite of a vulnerable grand slam bid and made by No. 2 committee's team.

One point that came up was

the question of bids that describe a hand. Here is the hand.

South deals with neither side vulnerable.

NORTH:  
S—8 4 3  
H—10 7 6  
D—A K 7 3  
C—A 5 2

West EAST  
S—K 9 7 5 S—10 6 2  
H—9 4 2 H—A 8 5 3  
D—Q 4 D—8 5 2

# VW-diagnosis

## Standard equipment with every 1970 Volkswagen.

Instead of a lot of fancy optional equipment that makes the payments last longer, Volkswagen introduces something to make the car last longer.

The VW Diagnosis System. Now when you buy a new VW you get two years' worth of free inspections.

The idea behind it all is to spot small trouble before it can become big trouble. Which means that the Volkswagen Diagnosis System is a fancy extra that does something no other factory extra can do. Save you money.

With close to 300 VW dealers across Canada, there's not a
