## Initiation Ceremony Friday For New Branch 120 Members

By Ralph Hawes

This Friday evening is a very important occasion for new members of the Branch, it is Initiation Night, when members are initiated into the Legion, at Branch 120 this ceremony is performed twice each year, spring and fall.

Branch 120 has one of the best initiation teams in the Command, on these 2 occasions members and their ladies have an opportunity to watch the team perform.

The admission of new members is followed by a dance and a buffet dinner, all of which will commence at 8:00 p.m.

Your Membership chairman, Norm Ward is looking for a good turnout of new members and their ladies and is looking for support from those members who have been initiated with their ladies to help make it a successful evening, the best part of all this is it's free.

It is good to see Bruce Collins in the Branch again, Bruce tells us that he will be visiting the hospital as an out patient for some time to come.

Bruce who is Poppy Chairman does not intend to take a too active part in the campaign this year, but will sit on the sidelines and advise when called on.

Gord Reid, who is acting chairman at this time is looking for Branch members to do some leg work.

The seven lucky cadets had to be the best, so naturally they are NCO's WO Seeler, F. Sgt. R. D. C. Burns, Sgt. George, Sgt. Scott, Sgt. Little, Cpl. McConnell and Cpl. Burgoyne, the showing is at the Carlton Odeon Theatre, Monday, Oct. 20th.

### Wants More Revealing News, Says Herald Reader

97 Sargent Road, To the Editor: Now that the Herald is totally owned by the Thomson chain, can we expect the news to be more revealing?

When it has seemed necessary to reveal that one of our citizens has been convicted of a traffic or criminal offence, it also seems proper for the public to know who, that person is.

Too much news has been suppressed. For instance, the public should be informed that very recently, outside investigators have been in town looking for the source of suspected drug trafficking.

It should be interesting news, that a few miles out of town there is a quarter mile drag strip on a public road known as the 'Ghost Strip'. It has been claimed that the police have been unsuccessful in catching any offenders or as much as seeing them, although the sound of revved up motors and racing cars are clearly heard. If the general public were informed of things, like this, it

would surely discourage such dangerous activities. More freedom should be allowed to writers of letters to the Mail Bag.

A letter in last week's Herald criticizing the use of lie detector tests in the hiring of employees did not name the local store.

I am likely only one of many readers that suspected that the store was on Main St. This suspicion is wrong, as the store is in another part of town, but this omission must cause damage to the reputation of undeserving local merchants.

Let the store in question show why it believes that such tactics are justified in the hiring of employees. If they believe it is so right and proper then they should not fear any damage because their actions are known to all.

This reader's opinion is that this is just as big a threat to the freedom of the people as wiretapping.

Hoping for more revealing news from now on.
