

# Dundas is New Home for Bride Barbara Pankenin

MR. AND MRS. HARLAND BRUCE BETZNER

Now living in Dundas, where the groom is employed with Cattel and Eaton Funeral Home, Mr. and Mrs. Harland Bruce Betzner were married in St. John's United Church on Oct. 4. Rev. Robert Scrivens officiated and the church was decorated with standards of yellow glads and white mums.

The groom's brother, Grant Betzner was organist and soloist. Mrs. Edna Yovonov sang Wedding Prayer and These Whom God Has Joined Together. The bride, Barbara Leonore Pankenin, being of German descent, the wedding had the customs of Germany and Canada. Mr. Pankenin gave his daughter in marriage in the double ring ceremony.

She wore a gown of imported lace, styled with long sleeves and detachable scalloped train. An elbow length veil was held by a pearl tiara and she carried a nosegay of a single orchid with stephanotis and white lilies.

Her sister Reni was maid of honour and bridesmaids were the groom's sister Elizabeth Betzner, Anna Valk, Nancy Chambers and Janet Neil. They were gowned in kelly green velvet wore silver shoes and silver hair ribbons and carried nosegays of white shastas and white and silver ribbons. They wore silver necklaces, gifts of the bride.

Allen Petrisor, Woodstock, was groomsman. Ushers were Ross Jones, Guelph, Guy Gagnon, Rexdale, the groom's brother Joe Betzner, Copetown and the bride's cousin Gunter Roedger, Rexdale.

At a reception at the Thunderbird Motel, Brampton, the bride's mother wore a floor length sleeveless gown of aqua blue, with flaired overskirt falling in several yards of chiffon. She wore gold accessories and a corsage of white carnations.

The groom's mother, who also received, wore a long sleeveless gown of cranberry velvet, matching hairbow and white accessories and a white carnation corsage.

Motoring to Florida for a honeymoon, the bride left in a coral coat dress ensemble, black accessories and a gardenia corsage.

Guests attended from Georgetown, Brampton, Toronto, Ottawa, Kitchener, Buffalo, Detroit, Cobocok, Copetown, Dundas, and Vancouver.

The bride is the daughter of Mr. and Mrs. Lothar Pankenin, 36 Mill Street and was a member of the staff of Halton & Peel Trust & Savings Co. The groom, a graduate of the Canadian School for Embalming, is the son of Mr. and Mrs. Bruce Betzner, R. R. 1, Copetown.

Prior to her marriage she was feted at showers which were hosted by her aunt, Mrs. Walter Roedger, sister Reni, Miss Nancy Chambers, Kitchener, Mrs. Margart Hoehne, Mrs. Gordon Cave and Miss Anna Valk. There were two presentations for the bride and groom in Copetown.

NORVAL

## Fete Japanese Bride With Norval Shower

The UCW of Norval United Church held a miscellaneous shower in the church on Wednesday evening, October 29 for Taeko Torigai. Taeko arrived from Japan a couple of weeks ago and was married by Rev. R. W. Ridley in Norval United Church to Fumihiko Torigai who is employed by Mac Hyatt. He has been in Canada since June.

About 45 UCW members attended the shower. Mrs. E. McLean welcomed Taeko who was dressed in a beautiful Japanese dress and sandals. Mrs. Gordon Laidlaw led a sing-song

THE GEORGETOWN HERALD THURSDAY, NOV. 13th, 1969 PAGE 5

after which Taeko sang several Japanese songs with Mrs. Ridley as accompanist and all enjoyed her lovely voice. Kathy Hyatt and Mrs. Ridley assisted her in opening the many gifts after which lunch was served by the social committee and a social time enjoyed.

It is with concern that many read about North Halton Music Festival being in danger of folding. Those who are interested in seeing it continue should contact the secretary of the Music Festival Mrs. Glena Benton and let her know your views.

— Mrs. Ed McLean

## Viant Design Chosen Top Electronic Award

Maintaining their leadership in the Millimeter frequency region, Varian Associates of Canada Limited have received the IEC Award for the Best Canadian Electronic Component for the second consecutive time.

This year's award was for the Extended Interaction Oscillator type VKE-2409A1. Designed and manufactured at the Georgetown plant of V.A.C.L., this oscillator offers a minimum CW output of 2 watts in the 50-80 GHz frequency band, and any specific tube is mechanically tunable over 4 GHz in this band.

Additional features are high electronic efficiency, good frequency stability and long life. The Award was presented by H. Ross Smyth, National Research Council, Chairman of the Awards Committee and accepted by M. J. Oldershaw, Marketing Manager, on behalf of design engineer, Maurice Viant.
