

Forecasts Teachers to Seek Salary Boosts Like Industry

Teachers will be looking for big salary settlements next year after seeing big settlements in industry, Halton education director James Singleton said last week.

Singleton said the whole economic sector is in a turmoil and the greater wage demands are spearheaded by the recent gains of construction workers.

He said Halton teachers will certainly look closely at the recent settlements of Stelco workers in Hamilton.

Singleton also gave the warning about teachers seeking bigger salaries at the conference of the newly-formed Ontario Association of Education Officials in Niagara Falls November 8. Singleton is president of the Association.

He added that the fees of those on councils are scattered in seven areas of the county while there is just one public school board. Because council costs are scattered in "little dribbles" around the county, they think it is not costing as much, Singleton said.

Similarly he said the total salaries of school board administrators do not reach the total of the council staffs scattered in the county.

He said that one of the things which causes problems for the Halton board is that it gives out too much information. He said his often mentioned salary of \$31,500 is lower than the salary of every other education director between St. Catharines and Oshawa but none of these boards make the director's salary public.

Some Halton councils are not willing to release the salaries of their staff to the public as their education board has done, he said.

Singleton suggested that the press instead of criticizing the Halton board might do well to investigate salaries in other areas.

Not Rabble Rouser Marshall Tells Board

Councillor KEN MARSHALL

The Esqueving councillor who suggested Halton Education Board cut costs, says the board chairman's reply to the township's resolution seems to imply the board feels no one should criticize it.

Esqueving Township Councillor Ken Marshall said whenever anyone criticizes the board it attacks those making the criticism or blames the problems on someone else, usually the provincial government.

He said Chairman Fred Armitage's statement "seems to have been written in anger" and "attempts to show us as irresponsible rabble-rousers."

"Ridiculous"

Armitage, in his statement, called Marshall's suggestion that salaries be reduced "utterly ridiculous" and "an insult to the staff of the board of education."

Marshall's motion has suggested the board hold the line on teachers' salaries, cut fees paid to trustees and reduce salaries of all employees earning over \$12,000 a year.

The motion has been sent to other municipal councils in Halton for their approval.

Marshall said he is concerned with the board's spending. He said council has to raise money for the board but has no say in how it is spent.

Marshall said his suggestions on how the board could cut costs were only suggestions and if the board can justify all the salaries they pay that would be alright with him.

Decide Education Theme For Halton Hills Meeting

Education will be the theme of the next Halton Hills Ratepayers meeting. It was agreed following a lively debate on the subject near the end of an Association general meeting last Tuesday.

The debate was partly stimulated by a written request from Ed Peters of Georgetown for the Association's support of the recently-passed Esqueving council resolution re education costs.

From the opinions expressed it was obvious the controversial subject held interest for everybody with strongly held views on all sides. A panel discussion presenting differing viewpoints on education may be part of the next session.

Tuesday's meeting was the first following distribution of a folder throughout Ward 3 outlining the Association's aims. And while the weather was discouraging, 25 per cent of those attending were new members.

Jack McLean of Air Canada was the guest speaker. He showed films Jet Pilot, and Rediscovers Europe, after outlining Air Canada's history and current operations. Between films he answered questions from the floor.

Ward Three councillor Harry Levy, asked to report on the summer's flood program, explained that the final report was not yet available as a complete answer to the problem was not established.

He said, however, that the planned reconstruction of Delrex Boulevard, south from Highway 7 included new storm sewers and that these would alleviate the problem to some extent.

He also answered questions on roads, school crossings, sewer rates, and water and hydro charges.

Gives Ideas for Making Inexpensive Articles

The Hornby Women's Institute held their November meeting at the home of Mrs. Barbara King, on Wednesday afternoon, Nov. 12. This was a most interesting meeting with the theme being, suggestions for a bazaar.

Mrs. Stan May was the convenor and gave the ladies a number of excellent ideas for making various articles. She also had on display a number of articles she had made. These included dried flowers, cones, felt and many other things which can be used to a great extent with very little cost.

Mrs. Lew Sampson, expressed the thanks of the ladies to Mrs. May.

The president, Mrs. Cecil Patterson was in charge of the business and welcomed the fifteen members and one visitor to the meeting. The roll call made for a bazaar was answered by all ladies present. The minutes of the previous meeting were read by the secretary.

Mrs. Roy Wilson, also read the correspondence which included a letter and questionnaire from the Music Festival committee, notice re the 4-H achievement days and a letter from a former member, Mrs. Stanley Learmont.

Mrs. Jack McCarron gave a report of the convention she and Mrs. M. J. Brown had attended in Guelph. Eight of the members had attended the reception held to honour, Miss Ethel Chapman and they reported on some of the main highlights of this. Mrs. Percy Merry and Mrs. Patterson had attended the short course on quilt making and a discussion was held on when the classes would be held as quite a few of the ladies are interested.

Mrs. Wilbert Ford, was courtesy convenor and thanked the hostess and all who had helped with the program. The meeting closed with all repeating the Institute Grace. Lunch was served by Mrs. Gordon Robinson and the hostess.

Honour Volunteers as Red Cross Marks 30th Year

The Georgetown and District Branch of the Canadian Red Cross Society received its charter on October 10, 1939; at that time Mr. LeRoy Dale, K.C. was president.

To commemorate this 30th anniversary a social evening was held at Wrigglesworth school auditorium Thursday night.

President, Mrs. Geraldine Walsh, welcomed the volunteers and guests. She pointed out that there were 12 services in the branch and that all the work was done on a voluntary basis. She then introduced the executive and chairmen of the committees, which are:

Immediate past president, Mrs. Dora Sutherland; 1st vice president, Mrs. Elaine Sales; 2nd vice president, Mrs. Rhoda Geggie; treasurer, Barry Timleck; assistant secretary, Mrs. Eileen Hewitt; social convener, Mrs. Gail Scarborough;

To show appreciation of the branch the following volunteers were presented with a volunteer pin for their conscientious work for the past two years or longer:

Then the activities took a swing to the gay part of the evening. Under the guidance of Mrs. Audrey Wilson, vice chairman of the Canadian Red Cross Corps Toronto Central Detachment, the "Corps Capers show" was presented. There was song and music of the Roaring 20's and a lot of laughter. The costumes were fabulous. The "gut bucket" an old wash tub with a stick and strings, and the tap dancing had every one's special attention. The audience clapped, sang and tapped their feet to the rhythm of the ukeleles, banjos, drum and the hot piano.

The group was thanked by vice president Mrs. Sales and received loud applause from the small audience.

The birthday cake was then cut and enjoyed with a cup of coffee, served and donated by Mr. and Mrs. G. Bos of the Georgetown Lunch Service.
