

Popularity of Snowmobiles Makes Government Eye New Legislation

by Jim Marshall

The Department of Transport is caught up in a rising tide of snowmobile complaints which is resulting in a review of present legislation.

from the roadway as possible, according to the circumstances of the area.

An example would be a snowmobile on Highway 2 - where the driver would need to keep to the side of the road.

A suggestion has been made, white light at the front and fluorescent balls to the back. The areas also still under discussion by the units. This would enable cushion by the Department in them to be seen more readily, cluing the definition of snowmobile respecting the "on" on highways and the remainder, especially at intersections often hidden by high snow drifts which can and will make it very difficult for drivers to see other vehicles.

awareness of the safe operation of a snowmobile. Last winter 27 fatalities involving snowmobiles were recorded in Ontario.
