been sanded, filled and the finishing touch has been added. It was a lot of real hard work, but with Sam Tennant on the sanders and a bunch of willing helpers the work was accomplished. Sunday afternoon, Sam along with Herb Cook and George Williams were putting the third finishing coat on the lounge. This phase of the work has been supervised by John Goy.

The kitchen floor did not get finished this weekend, but there'll come a day when the floors are all finished. Time just ran out on the workers.

While the work was progressing in the lounge, the two Bills, Mainprize and Dumarsh, were starting to install the vanity in the ladies' powder room. It still lacks the top and the sinks, but they will appear in good time.

Murt Parker and Charles Davidson have completed the installation of the panelling in the lounge and it was quite a job. Of course, others had a hand in the operation, but are too numerous to mention. Here is a partial list of those lending helping hands in projects around the rink: the Ted Tylers, the Young Bros. Harvey and Austin, A. Ellerby, J. Ridley, the Goys, and many others.

How many of the club members have taken the time to read the club rules that are posted on the bulletin board? It is a blue sheet and here is rule 16 Friday, Feb. 20 on account of and 17:

16. When a skip is holding his broom for one of his rink, no Texaco curlers from Hamilton other broom shall be on the ice. behind him or near him.

17. Players must refrain from congregating behind the house when one of the opposing rink is delivering his stone.

of course, the rules of the Peewees Ontario Curling Association apply in all games, except where the local rules supersede for local conditions.
