Maple leaf dishes ordered for Canada Week in Japan

Maple leaf dishes produced near Acton will be on sale this fall in Tokyo, Japan, during Canada Week.

Four buyers in a Japanese trade delegation came to Toronto recently to place orders, and when John Secord of White Oaks Ceramics showed them his wares, they ordered 160 of the gaily colored maple leaf dishes. He was one of many who had half-hour appointments with the delegation, displaying all kinds of products including canned foods.

These dishes will go to a chain store in Japan, much like Eaton's here, as far as Mr. Secord can ascertain.

The dishes come in various

Since John and Sharon Secord have started White Oaks ceramics of R. R. 3, north of Acton, business has grown steadily. They have a wide range of attractive products such as mugs, ash trays, vases, figurines, salt and peppers and banks. The articles are moulded, fired, glazed and hand painted in the workshop next to their home.

About 40 per cent of their total sales this year are going to the United States, where they now have agents. In August some of their ceramics will be southern United States in a trade caravan, sponsored by the Canadian government.

Rezoning applicants must now bear full cost will eliminate 50 foot lot owners' "hangup"

From now on, the applicant must pay the full cost of having land rezoned.

Tuesday night council agreed with planning board's recommendation to charge the full cost to the person or governing body making the application.

Mayor Duby pointed out last year the town had to pay as high as \$800 for a zoning change, and most of the applicants are developers, men financially able to bear the cost.

All councillors favored the

A deposit of \$200 will now be required with each application to planning board for rezoning,

and the remainder or refund will be assessed later when the rezoning is approved.

suggestion from council that \$100 be charged but after discussion the planners had upped that figure to the full

Council promptly agreed. Council also agreed with planning board's recommendation for an amendment to the zoning by-law which would permit building or erection of additions to houses on 50 foot

This will eliminate the necessity of many homeowners making application to the

committee of adjustment, to permit a minor variance, before they can build. The application Planning board had received a costs \$25.

Mayor Duby commented: An unjust zoning regulation is being corrected. It's very valid , .it was a hangup.

When the zoning by-law is amended, it will permit the erection of dwelling units, or alterations, on lots having less than the required frontage (under 60 feet) when the by-law was passed, if all other on 50 footlots.

requirements of the residential zone are complied with.

Clerk-administrator Joe Hurst pointed out that about 60 per cent of the Leishman survey. have 50 foot lots.

With the change, these owners may build a garage or verandate. without a committee of adjustment application. A building permit is still required.

The amendment prevents developers building flow homes

13 trainees at workshop plan extension, residence

During our reporting week of April 19, the men at the Acton Detachment while working 197½ hours, patrolled 607 miles

of town roads. A total of nine charges were taid and six warnings issued for infractions of the Highway Traffic Act.

There was one accident investigated in which one driver was charged with failing to yield the right of way. This involved property damage only.

One driver was charged with impaired driving when observed driving in an erratic manner. One minor was charged with

consuming and issued a

There was one subject arrested and charged with causing a disturbance in a public place. Another subject was charged with vagrancy when found sleeping in an auto.

Two other occurrences involved a broken window and an alleged poisoning of a dog.

Two charges of loitering under the town by-law were laid. At this time of the year it is expected that further charges of this occurrence will result.

The provincial court in Milton saw 22 convictions registered and fines totalling \$360.

Now that the nice weather is upon us, it might be remembered that a lot of the younger children are taking to their bicycles and are darting here and there, and a little added caution is advisable while motoring on our town streets, in case some youngster is forgetful of some rules pertaining to driving on our streets.

Slides of gardens at Golden Age club

By Mrs. Elsie Reed A short business meeting of the Golden Age Club on Tuesday, April 21 preceded a wonderful entertainment. The usual reports were quickly dealt

A show of hands showed it was not the wish of the club to send a delegate to the annual convention of United Senior Citizens to be held at Queen's University, Kingston, Aug.

The president reported a primary grant of \$150 was coming from the town council to be used for whatever the club wished to do with it. Acton Club will be responsible for one item of the program at the zone picnic, June 25. It was decided to sponsor a thread-the-needle race and provide a prize for the mystery draw.

Mr. Barber, from Georgetown Horticultural Society, an ardent and knowledgeable grower of flowers and a specialist in lilies, gave an interesting talk on the planting and care of many varieties. With the assistance of Mr. Coles beautiful colored pictures were shown, mostly

> It's walkathon time again and while there won't be much local participation in the May 2 "Miles for Millions" marathons around this district, Acton and Milton will have a special fund-raising walkathon on May

The Halton and Peel Association for the Hearing Handicapped, a group of parents and friends of deaf and hard of hearing persons in this area, will sponsor its second annual walkathon on that date. Proceeds this year will go toward

the Ontario Mission for the Deaf farm north of Milton which is supported by a Toronto church group and service clubs around Ontario.

Last year the HPAHH held a successful wakathon which raised \$5,500 to help send Canada's deaf athletes to the World Olympics for the Deaf in Yugoslavia. Students from Acton and Milton will participate again, each group' setting out from their home town to trudge an estimated 30 mile route on country roads.
