

STUDENTS ALSO arranged stones along the creek into small dams in their clean up. With an assist from town workmen they carted away four huge truckloads of junk accumulated in the water and along the banks of the creek and lake. —(Staff Photo)

PRINCIPAL G. W. MCKENZIE wheels away some of the trash that came out of the school creek during Thursday's clean-up by Robert Little school grade 8 students. —(Staff Photo)

WITH THE HELP of Beardmore employee Clarence Harding and a company tractor, students in Earl Brears' environmental science classes at Acton High helped clean up logs, stumps and debris from Fairy Lake, yesterday. Ready to help drag an old log out are l. to r. Bill De Haan, Jim Frizzell and volunteer Tom Browning. —(Staff Photo)

Public, high school students clean up creek, lake

Students from both the Robert Little public and Acton district high school got busy and did something about pollution over the past week.

Sixteen grade 8 students who didn't make a trip to Ottawa

with other Robert Little children started the mass clean-up campaign last Thursday and Friday. They cleaned up Henderson's, better known as the school creek, and started on Fairy Lake with direction from

Principal "Pat" McKenzie. With the aid of two town workmen and a town truck they carted away four truck loads of junk which ranged from tree limbs, old Christmas trees, to car tires and fenders. They got right in the water and pulled the junk away.

Tuesday the clean-up campaign was joined by high school students under teacher Earl Brears who was using a tractor loaned by Beardmore and Co. to pull out logs and other debris from Fairy Lake.

Members of the environmental science class, they also used boats to assist them in the project.

Pre-schoolers visit ADHS

As part of their course in family development, Acton District High School's Grade 11 Home Economics class entertained 14 pre-schoolers last Wednesday afternoon.

After a tour of the school, the children played games, listened to records and enjoyed refreshments.

Battle of Bands at M.Z.B. Friday

Battle of the Bands took place Friday at the M. Z. Bennett school, with a large three-dimensional cannon decorating one of the gym walls. Peter Pavl and Allan Bridgen wrote an account of the night's battle for the Free Press.

Coultrup, Henry Wisensz, Steve Mellor, Teddy Muelbacher). There were three judges from out of town who chose the winner of the groups. The contest was held for three and a half hours and the spectators who had attended it liked it very much.

Everyone had their own opinions of who would win. The winner of the groups chosen by the judges was Lemmun Ginn. The school made a profit of close to \$100 on the dance and the money is going towards trips of the school. Lemmun Ginn will be playing at the graduation at M. Z. Bennett School.

On Friday, June 5, the M. Z. Bennett Public School held a dance at which three bands played. The groups were Satan (Chris Tennant, Ron Loutlet, Kevin Perkins, Mike Pope), Lemmun Ginn (Jim Hackey, Paul Kacor, Clive Ord, Peter Hargrave), Transit (Shane Ahearne, Russell

Ospringle class helps new school

Another school class has received a letter of thanks for the contribution to "Project Schoolhouse." Miss Barbara McKinnon and her grade two class at Ospringle public school also helped the fund to build a school in the Commonwealth Caribbean island of St. Vincent, during Ontario's international education year project.

will be visiting the Toronto Stock Exchange. If the year books are not in by the final day of school they will be sent out to the students during the summer months.

By Mary Ann Freuler
With only one more day of school the activities are coming to a near standstill. Exams begin this Friday morning and run until the following Friday. After that the students will get their well-deserved holidays or else work to earn extra money.

The grade eleven Home Economics class, after studying the Family Cycle, put their teaching into practice during a party last week. The some thirteen guests were all pre-school age children who were either a brother or sister or someone "borrowed" from a neighbor or relative. The youngsters were entertained by a story read by Ania Thibideau, and a series of games including London Bridge, Ring around the Rosie and others appropriate to the event. After a tour of the school, the children were treated to refreshments consisting of hot dogs, cookies and ice cream. Their happy faces, beaming through the high school halls, assured everyone that they had enjoyed the party. The Home Economics teacher is Mrs. Donna Hunter.

The students who were present on the trip to Washington showed their gratitude to Mr. Paul Martindale on Monday. He was taken by surprise during the last period class by a huge cake with "Thank you Marty" written across the top. He was also presented with a marbled pen holder. Mr. Martindale, who has long been a geography teacher at Acton District High School, will be leaving this year to fill the position of vice-principal at another school.

The Business Club, Business Organization and Management class and the yearbook staff and representatives were treated to a trip to the Toronto Science Centre Tuesday, Thursday, the Business club and BOM classes
