Nassagaweya Council Briefs

During its regular session Monday members of Nassagaweya Council:

- * Indicated support for volunteer conservation projects for young people as proposed by the Halton Region Conservation Authority.
- · Agreed to participate in a walk along the Bruce Trail from Rattlesnake Point to Crawford Lake in conjunction with Conservation Week. The Hon. George Kerr and the Hon, Allan Lawrence are expected to participate.
- * Referred to the O.P.P. a request from the Campbellville Trustees that speed be checked in the village, particularly between 5 p.m. and 9 p.m.
- * Referred to the County Road Committee, a request for no parking signs in the Village of Campbellville. It was noted the road was controlled by the county.
- Approved continuing participation by township employees on the Technical co-ordinating Committee of the county studying the implications of regional government.
- * Received a letter sent by Eric Silk of the Ontario Provincial Police to Esquesing Township, indicating it was the responsibility of the municipality to enforce local by-laws. Nassagaweya recently requested a change in this policy and agreed to await a reply from the Attorney-General before proceeding further.

Oustic burial former editor

A former publisher of the Streetsville Review, and later a member of the Hamilton Spectator staff, Tony Mendall died suddenly at his home in Burlington on June 4.

He leaves his wife, the former Blanche Saunders of Rockwood and a daughter Mrs, P. Kitto and grandchildren Scott and Jodi, Streetsville and a brother David in California.

Interment took place in Oustic Cemetery following requiem mass in St. Joseph's Church, Streetsville.

LOONY CATCH

Two Lakehead area fishermen and commendable sportsmen recently noticed a loon which approached their boat. It was obviously in difficulty and unable to dive so one of the fishermen used his spinning rod to bring the bird alongside where he netted it and brought it aboard. The loon had a fishing line wrapped around its beak, neck and wings and four hooks

and three wire leaders entangled

in its body. The bird was taken ashore where the hooks were removed with pliers while the bird remained motionless until

the chore was completed. "I firmly believe," commented one of the party, "that the bird came to the boat for help because during the painful process of removing the hooks it never let out a peep". And for the doubtful ones, the boys have photographic evidence to support their 'loony' story.
